Curriculum Vitae

Mailing Address:

Eastern Virginia Medical School
Department of Surgery
825 Fairfax Avenue, Suite 610
Norfolk, Virginia 23507
(757) 446-8964

Personal:

Birthplace: Suffolk, Virginia
Spouse: Charlene Britt, M.D.
Daughter: Avery Marie Britt

Education:

1964 – 1968

High School

Booker T. Washington High School
Suffolk, Virginia
Honors: Valedictorian, 1968

1968 – 1972

Undergraduate

Baccalaureate of Arts with *Distinction*
University of Virginia
Charlottesville, Virginia
Honors:
Dean's List (each of the eight semesters)
Raven Society
Phi Sigma Society
Intermediate Honors

1972 – 1977

Doctor of Medicine; Master of Public Health

Harvard Medical School and Harvard School of Public Health
Boston, Massachusetts
Honors: Aesculapian Society

1977 – 1978

Internship

Barnes Hospital/Washington University School of Medicine
Department of Surgery
St. Louis, Missouri

1979

Post-Graduate Medical Education

W. Alton Jones Cell Science Center
Vertebrate Cell Culture
Lake Placid, New York

1978 – 1979

Assistant Residency

Barnes Hospital/Washington University School of Medicine
Department of Surgery
St. Louis, Missouri

1979 – 1981

Research Fellowship

Washington University School of Medicine
Department of Surgery
Islet Transplantation Laboratory
St. Louis, Missouri

- 1981 – 1984** ***Residency***
University Hospital and Cook County Hospital
Department of Surgery
University of Illinois School of Medicine
Chicago, Illinois
- 1985 – 1986** ***Clinical Fellowship(trauma and critical care)***
Maryland Institute for Emergency Medical Services Systems
Division of Traumatology/Critical Care, Shock Trauma Center
University of Maryland
Baltimore, Maryland

Hospital Staff Memberships:

Sentara Princess Anne Hospital, Virginia Beach, Virginia
Sentara Norfolk General, Leigh Hospital, Norfolk, Virginia
Children’s Hospital of The King’s Daughters, Norfolk, Virginia
Hampton Veteran’s Affairs Medical Center, Hampton, Virginia
Sentara Obici Hospital, Suffolk, VA

Medical Licensure:

Virginia #0101037632

Certifications:

American Board of Surgery: General Surgery (1985, re-certified-1993; re-certified-2003; re-certified-2014; re-certified until 2025)
Surgical Critical Care (1987, re-certified-1997; re-certified-2006 - expires 2018; re-certified until 2028)

Additional Qualifications:

Advanced Cardiac Life Support (Instructor)
Advanced Trauma Life Support (State Faculty)

Special Interests:

Acute Care Surgery (Trauma, Emergency General Surgery and Critical Care)
Gastrointestinal/Pancreas/Biliary Tract
Endocrine Surgery

Academic Positions:

1994 – Pres. Professor and Chairman, Department of Surgery, Eastern Virginia Medical School
(Henry Ford endowment – ’94; Edward Brickhouse endowment – ’99)
2008 – Pres. Professor, School of Health Professions, Eastern Virginia Medical School
2007 – Pres. Distinguished Professor of Surgery, Uniformed Services University of the Health Sciences
1999 – Pres. Professor, Division of History of Medicine, Eastern Virginia Medical School
1996 – Pres. Chairman, Council of Clinical Chairs, Eastern Virginia Medical School
1989 – 1993 Associate Professor of Surgery, Eastern Virginia Medical School
1989 – 1993 Adjunct Associate Professor, Department of Biological Sciences, Old Dominion University
1987 – 1997 Chief, Division of Trauma and Critical Care, Eastern Virginia Medical School
1986 – 1989 Assistant Professor of Surgery, Eastern Virginia Medical School
1985 – 1986 Chief Administrative Surgical Fellow, Shock Trauma Center, Maryland Institute of Medical Services Systems
1983 – 1985 Clinical Instructor, Department of Surgery, University of Illinois College of Medicine

American College of Surgeons:

- 2018 – Pres. American College of Surgeons Academy of Master Surgeon Educators, *Member*
- 2017 – Pres. American College of Surgeons Academy of Master Surgeon Educators, *Co-Chair, Steering Committee*
- 2010 – 2011 American College of Surgeons, *President*
- 2009 – 2010 American College of Surgeons, *President-elect*
- 2008 – 2009 Board of Regents, American College of Surgeons, *Chairman*
- 2007 – Pres. American College of Surgeons Committee on Trauma, *Senior Consultant*
- 2006 – 2008 Board of Regents, American College of Surgeons, *Vice Chairman*
- 2003 – 2006 Central Judiciary Committee, American College of Surgeons Board of Regents, *Chair*
- 2001 – 2006 Central Judiciary Committee, American College of Surgeons Board of Regents
- 2000 – 2009 American College of Surgeon, *Board of Regents*
- 2000 – 2001 The American College of Surgeons, Nominating Committee of the Fellows
- 1998 – 2002 National Committee on Trauma, *Vice-Chairman*
- 1998 – 2002 Regional Committees on Trauma, American College of Surgeons, *Chairman*
- 1996 – 2006 National Committee on Trauma, American College of Surgeons
- 1996 – 2002 Committee on Trauma - Region III, American College of Surgeons, *Chief*
- 1996 – 2006 Committee on Surgery Education, American College of Surgeons, *Executive Council*
- 1996 – 2008 American College of Surgeons SESAP '99,'01, '04, '07 Committee
- 1991 – 1996 Committee on Trauma, American College of Surgeons, Virginia Chapter, *Chairman*
- 1989 – 1990 Annual Meeting (Virginia Chapter), American College of Surgeons, *Program Chairman*
- 1987 – 1996 Committee on Trauma, American College of Surgeons

Eastern Association for the Surgery of Trauma:

- 1996 – 1998 Eastern Association for the Surgery of Trauma, Violence Prevention Task Force
- 1990 – 1992 Eastern Association for the Surgery of Trauma, Board of Directors
- 1990 – 1991 Eastern Association for the Surgery of Trauma, Chairman, Education Subcommittee
- 1989 – 1990 Eastern Association for the Surgery of Trauma, Issues Committee

The National Board of Medical Examiners:

- 2004 – Pres. National Board of Medical Examiners, *Executive Board*
- 1996 – 2001 National Board of Medical Examiners, *Step 3 - Consultant*
- 1996 – 1999 National Board of Medical Examiners, *Step 2 - Consultant*

American Board of Surgery:

- 2013 – 2016 American Board of Surgery, *Senior Examiner*
- 2007 – 2013 American Board of Surgery, *Director*
- 1997 – 2007 American Board of Surgery, *Associate Examiner*
- 1996 – 2002 American Board of Surgery, *Examination Consultant*

American Association for the Surgery of Trauma:

- 2010 – 2011 American Association for the Surgery of Trauma, *President*
- 2009 – 2010 American Association for the Surgery of Trauma, *President-elect*
- 2006 – 2009 American Association for the Surgery of Trauma, *Recorder*
- 2002 – 2003 American Association for the Surgery of Trauma, *Vice President*
- 1999 – 2000 American Association for the Surgery of Trauma, Scholarship Committee
- 1998 American Association for the Surgery of Trauma, Audit Committee

Society of Black Academic Surgeons:

- 2003 – Pres. Society of Black Academic Surgeons, *Executive Director*
- 1999 – 2001 Society of Black Academic Surgeons, *President*

Residency Review Committee for Surgery (Accreditation Council of Graduate Medical Education):

- 2005 – 2007 Residency Review Committee for Surgery, *Chairman*
- 2003 – 2005 Residency Review Committee for Surgery, *Vice-Chairman*
- 2000 – 2002 Residency Review Committee for Surgery, Subcommittee on Surgical Critical Care, *Chair*
- 2000 – 2003 Residency Review Committee for Surgery

American Surgical Association:

- 2012 – 2013 American Surgical Association, *President*
- 2011 – 2012 American Surgical Association, *President-elect*
- 2004 – 2005 American Surgical Association, Audit Committee, *Chairman*
- 2000 – 2006 American Surgical Association Representative to the Council of Academic Societies of the Association of American Medical Colleges

Halsted Society:

- 2007 – 2008 Halsted Society, *President*
- 2003 – 2007 Halsted Society, *Board of Directors*

Southern Surgical Association:

- 2015 – Pres. Southern Surgical Association, *Honorary Fellow*
- 2013 – 2014 Southern Surgical Association, *Chair of the Council*
- 2008 – 2009 Southern Surgical Association, *President*
- 2004 – 2008 Southern Surgical Association, *Secretary*

Society of Surgical Chairs:

- 2004 – 2005 Society of Surgical Chairs, *President*
- 2003 – 2004 Society of Surgical Chairs, *Vice-President*
- 2002 – 2003 Society of Surgical Chairs, *Secretary/Treasurer*

Southeastern Surgical Congress:

- 2007 – 2008 Southeastern Surgical Congress, *President*
- 2006 – 2007 Southeastern Surgical Congress, *President-elect*
- 2004 Southeastern Surgical Congress, *Honorary Fellow*

Other National Organizations and Boards:

- 2018 – Pres. National Health Law Program (NHeLP), *Board Member*
- 2016 – Pres. National Academy of Medicine (*formerly the Institute of Medicine*)
- 2016 – Pres. Virginia Academy of Science, Engineering, and Medicine
- 2015 – Pres. Society of Clinical Surgery, *Honorary Member*
- 2015 – Pres. Joint Commission, *Executive Committee*
- 2011 – Pres. Joint Commission, *Commissioner*
- 2011 – Pres. James IV Association of Surgeons, *International Board Director*
- 2007 – 2012 ACS Simulation-based Surgical Education Committee
- 2007 – 2008 Halsted Society, *President*
- 2007 – 2016 ACS Point/Counterpoint Course, *Course Director*
- 2006 – Pres. Combat Trauma Care Program, U.S. Department of Defense, *Consultant and Distinguished Visiting Surgeon*
- 2006 – Pres. Board of Directors of the *Selected Readings in General Surgery*, *Chairman*

Research Grant – Principal Investigator:

Developing Disparities-Sensitive Surgical Quality Metrics Across the Continuum of Care L.D. Britt, MD, MPH, DSc(Hon), FACS, FCCM

R01—NIH/NIMHD – R01 MD011695
 Role on Project: *Principle Investigator*
Total Costs: \$2.5 Million

Research Grant – Co-Investigator:

The Provider Awareness and Cultural Dexterity Toolkit for Surgeons (PACTS) Trial (Adil H. Haider, MD, MPH (PI))

R01—NIH/NIMHD - R01 MD011685
 Role on Project: *Co- Investigator*
Total Costs: \$3.5 Million

Research Grant – External Advisor:

University of Iowa Surgical Oncology Institutional Research Training Grant (Ronald J. Weigel, MD, PhD (PI))

T32 Grant—NIH/NCI
 July 1, 2010 – June 30, 2015
 Role on Project: *External Advisor*
Total Costs: \$1.6 Million

Atomic force microscopy in sepsis research: a new look at bacterial membrane vesicles

Funded Research Grants (Consultant):

Sponsor: **CHRB** (Commonwealth Health Research Board)
 July 2010-July 2012
\$296,842

Nanoindentation to determine turgor pressure in escherichia coli	Sponsor: Multidisciplinary Seed Grant January 2011-July 2011 \$85,135
<u>Funded Research Grants (Principal Investigator):</u>	
Healthcare Disparities in Surgery	
Addressing healthcare disparities: Enhancement of the minority physician workforce	Sponsor: American College of Surgeons/National Institute of Health \$45,000
Effects of hemorrhagic shock on adrenal response in a rat model	Sponsor: Obici Foundation September 2007-August 2009 \$240,000
The role of conduit vessels in the loss of systemic vascular resistance of skeletal muscle arterioles in septic shock	Sponsor: Institutional (EVMS) \$25,000/year
The effects of calcium blockade on IL-1 β production in LPS stimulated monocytes.	Sponsor: Institutional Research Award July 1998-August 2000 \$7,609
Septic shock: the role of the conduit vessel in the loss of vascular tone in resistant vessels.	Sponsor: Southern Medical Association July 1998-June 1999 \$2,369
The effects of endotoxemia on skeleton muscle microcirculation.	Sponsor: Southern Medical Association July 1998 – December 1998 \$2,500
Study of fluconazole in the prevention of fungal infections in surgical patients at high risk for developing candidiasis	Sponsor: Jeffress Research Grant January 1995-1996 \$22,589
Septic shock at the microcirculatory level and the role of triiodothyronine.	Sponsor: Pfizer Research Grant 1993-1994 \$61,000
Effects of levothyroxine on hemodynamic stability and survival in endotoxin treated rats.	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Award July 1993-June 1994
The effect of levothyroxine on macrophage function	Sponsor: LifeNet July 1,1993-1994 \$15,000
Thyroid hormones and catecholamines: Effects on hemodynamic stability and macrophage production of interleukin-1	Sponsor: Eli Lilly Research Grant July 1, 1993 \$3,000
Glutathione and human keratinocyte proliferation in vitro.	Sponsor: Virginia Power May 1992- present \$125,000
Variations in culture media and culture conditions to shorten cultured human keratinocyte graft maturation time.	Sponsor: Children's Health System July 1990-June 1991 \$20,000
The role of retinoic acid, vitamin E, and calcium as human keratinocyte proliferation <u>in vitro</u> .	Sponsor: Children's Health System 1989-1991 \$25,000
Thiols and human keratinocyte proliferation and plating efficiency.	Sponsor: Wards Corner Lions Club 1987 \$25,000

The use of allogeneic cultured keratinocytes on venous stasis ulcers and chronic arterial ischemic ulcers.	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Grant Competition 1982-1988 \$4,400
	Sponsor: Eastern Virginia Graduate School of Medicine Resident Research Grant Competition 1982-1988 \$1,666

Visiting Professorships:

1. July 2018 Texas Tech University - Health Sciences Center Visiting Professorship, Lubbock, TX
2. May 2018 LD MacLean Visiting Professorship, McGill University, Montreal, QC
3. March 2018 New York – Presbyterian Hospital, Weill Cornell – Ben Park Jr., MD Visiting Professorship, New York, NY
4. March 2018 Carilion Clinic – Robert Berry Visiting Professorship, Roanoke, VA
5. Feb 2018 University of Alabama Birmingham – Kirby Bland Visiting Professorship, Birmingham, AL
6. Jan 2018 University of Mississippi Medical Center James B. Hardy Visiting Professorship, Jackson, MS
7. Nov 2017 Donald Church Balfour Visiting Professorship, Mayo Clinic, Rochester, MN
8. Oct 2017 University of Iowa Lectureship, Cedar Rapids, IA
9. Oct 2017 University of North Texas Trauma Symposium, Dallas/Fort Worth, TX
10. Oct 2017 Cleveland Surgical Society Lectureship, Cleveland, OH
11. Aug 2017 St. Francis Medical Center Lectureship, Los Angeles, CA
12. May 2017 Visiting Scholar Professorship, Winchester Medical Center, Winchester, VA
13. May 2017 Charles Wolferth Lectureship, Baltimore, MD
14. April 2017 Donald Silver Endowed Lectureship, University of Missouri, Columbia, MO
15. March 2017 Visiting Professorship, Lankenau Medical Center, Philadelphia, PA
16. Feb 2017 Harriet Tubman Professorship, West Virginia University, Morgantown, WV
17. Jan 2017 Visiting Professorship, University of California San Diego, San Diego, CA
18. Oct 2016 Anthony Morgan, MD Distinguished Lectureship, Saint Francis Hospital/ University of Connecticut Health System, Hartford, CT
19. July 2016 Inaugural John Barrett Lectureship Cook County Hospital, Chicago, IL
20. May 2016 Courtney M. Townsend Lectureship- University of Texas Medical Branch, Galveston, TX
21. April 2016 William A.L. Mitchell Endowed Lectureship, USA Trauma Symposium, Mobile, AL
22. Feb 2016 Visiting Professorship, Annual Trauma Symposium, Wilmington, NC
23. Dec 2015 Visiting Professorship, Hackensack University Medical Center, Hackensack, NJ
24. Nov 2015 Edwin P. Lehman, MD, Visiting Professorship, Charlottesville, VA
25. Oct 2015 John Whittington, MD, Visiting Professorship, Knoxville, TN
26. May 2015 Kelsey-Seybold Visiting Professorship, Baylor College of Medicine, Houston, TX
27. April 2015 Gardner W. Smith Visiting Professorship, John’s Hopkins School of Medicine, Baltimore, MD
28. March 2015 Dr. William P. Longmire, Jr. Visiting Professorship, University of California, Los Angeles, Los Angeles, CA
29. March 2015 Dr. Brian Blades Visiting Professorship, The George Washington University Hospital Department of Surgery, Washington, D.C.
30. Feb 2015 Glasgow Emergency Surgery and Trauma Symposium (GESTS) Faculty Member, The Royal College of Physicians and Surgeons of Glasgow, Glasgow, Scotland
31. Oct 2014 The Ernest F. Rosato/William Maul Measey Endowed Lectureship-Visiting Professorship, University of Pennsylvania, Philadelphia, PA

32. Oct 2014 Boyle Trauma Lectureship, Iowa Methodist Medical Center, Des Moines, IA
33. June 2014 David Reines, MD, and Nina Tonenberg Visiting Professorship, Inova Fairfax Hospital
Department of Surgery, Falls Church, VA
34. May 2014 Pearce-Roslyn Visiting Professorship, Drexel University College of Medicine,
Philadelphia, PA
35. Nov 2013 The Inaugural Claude H. Organ, Jr., MD, Lectureship, University of Alabama at
Birmingham, Birmingham, AL

36. June 2013 Augustus McCravey Visiting Professorship, University of Tennessee College of Medicine
Chattanooga, Chattanooga, TN
37. June 2013 Harwell Wilson Visiting Professorship, University of Tennessee Health Service Center,
Memphis, TN
38. May 2013 Research Day Professorship, Virginia Commonwealth University School of Medicine,
Richmond, VA
39. March 2013 Prothro Visiting Professorship, Baylor University Medical Center, Dallas, TX
40. May 2012 Surgeon-in-Chief Pro Tempore, Brown University, Providence, RI
41. May 2012 Hiatt Lectureship, Cedars-Sinai Medical Center, Los Angeles, CA
42. April 2012 Visiting Professorship, Columbia University, New York City, NY
43. April 2012 Evarts A. Graham Visiting Professorship, Washington University, St. Louis, MO
44. Feb 2012 Rayford Scott Jones Memorial Lectureship, University of Virginia, Charlottesville, VA
45. Feb 2012 Helen Shed Keith Visiting Professorship, Rush University, Chicago, IL
46. Nov 2011 Visiting Professorship, Wayne State Surgical Society, Detroit, MI
47. May 2011 Visiting Professorship, American British Cowdray Hospital, Mexico City, Mexico
48. April 2011 Ferguson Visiting Professorship, Emory University, Atlanta, GA
49. Feb 2011 Waltman Walters Visiting Professorship, Mayo Clinic Hospital, Scottsdale, AZ
50. Feb 2011 H. James Fox, MD, Lectureship, University of Colorado Denver School of Medicine
Denver, CO
51. Jan 2011 Visiting Professorship, University of Toledo School of Medicine, Toledo, OH
52. Dec 2010 Harvard Medical School Visiting Professorship, Boston, MA
53. Dec 2010 Massachusetts General Hospital Visiting Professorship, Boston, MA
54. Nov 2010 Vezina-Couture Visiting Professorship, Laval University, Quebec, Canada
55. Sep 2010 Allegheny General Hospital Visiting Professorship, Pittsburgh, PA
56. Sep 2010 Robert Zeppa Memorial Lectureship, Jackson Memorial Center, Miami, FL
57. June 2010 Ashmore Lectureship, Greenville Hospital System University Medical Center, Greenville, SC
58. May 2010 Neil Lempert Lectureship, Albany Medical Center, Albany, NY
59. May 2010 Richard P. Zimmerman, MD Lectureship, Thomas Heiling Memorial Medical Center,
Johnstown, PA
60. April 2010 The Alpha Omega Alpha Visiting Professorship, University of Tennessee, Memphis, TN
61. March 2010 Michael DeBakey Visiting Professorship, Baylor University, Houston, TX
62. March 2010 Distinguished Visiting Professorship, University of Texas, San Antonio, TX
63. March 2010 Mayo Visiting Professorship, Northwestern University, Chicago, IL
64. March 2010 The Alpha Omega Alpha Visiting Professorship, Upstate Medical College of New York,
Syracuse, NY
65. March 2010 Case Western Reserve University School of Medicine , Cleveland, OH
66. Feb 2010 Hunter-Sweaney Visiting Professorship, Chapel Hill, NC
67. Sep 2009 University of Arizona Visiting Professorship, Tucson, AZ
68. Aug 2009 Skinner Memorial Lectureship, University of Chicago, Chicago, IL
69. July 2009 Memorial Hospital and Joe DiMaggio Children's Hospital, Hollywood, FL
70. May 2009 Francis D. Moore Visiting Professorship, Brigham and Women's Hospital, Boston, MA
71. May 2009 Sam Gross Visiting Professorship, University of Louisville, Louisville, KY
72. May 2009 The Alpha Omega Alpha Visiting Professorship, Howard University, Washington, D.C.
73. May 2009 Alton Ochsner Visiting Professorship Ochsner Medical Center, New Orleans, LA
74. April 2009 Frank C. Spencer Visiting Professorship, Bellevue Hospital, New York, NY
75. April 2009 New York Methodist Visiting Professorship, New York, NY

76. March 2009 The Alpha Omega Alpha Visiting Professorship, University of South Carolina, Columbia, SC
77. March 2009 Yvedt Matory Visiting Professorship, Yale University, New Haven, CT
78. Feb 2009 New York Hospital, Queens, NY
79. Jan 2009 Folkert O. Belzer Visiting Professorship, University of Wisconsin, Madison, WI
80. Jan 2009 David Seegal Alpha Omega Alpha Visiting Professorship, Columbia University, New York, NY
81. Dec 2008 Alton Ochsner Visiting Professorship, Tulane University, New Orleans, LA
82. Oct 2008 University of California San Francisco – East Bay, San Francisco, CA
83. Sep 2008 Methodist Hospital, Houston, TX
84. Aug 2008 Kansas City University Medical Center, Kansas City, MO
85. June 2008 E. Starr Judd Visiting Professorship, University of Minnesota, Minneapolis, MN
86. May 2008 H. Brownell Wheeler Visiting Professorship, University of Massachusetts Medical School, Boston, MA
87. May 2008 Research and Resident Day Visiting Professorship, Carillion Health System, Roanoke, VA
88. May 2008 The Stahler-Rex Visiting Professorship, Lehigh Valley Hospital, Allentown, PA
89. May 2008 James A. DeWeese Visiting Professorship, University of Rochester, Rochester, NY
90. April 2008 Mark Tsvok Visiting Professorship, University of Connecticut, Hartford, CT
91. April 2008 Georgetown University, Washington, DC
92. April 2008 Anna Julio Visiting Professorship, M.I.E.M.S. and the University of Maryland, Baltimore, MD
93. Feb 2008 Distinguished Visiting Surgeon in the Combat Trauma Program, Landstuhl, Germany
94. Dec 2007 Cleveland Clinic, Cleveland, OH
95. Oct 2007 Folsie-Birtch Visiting Professorship, Southern Illinois University, Springfield, IL
96. Oct 2007 University of California at Los Angeles, Los Angeles, CA
97. June 2007 Upstate Medical University, Syracuse, NY
98. May 2007 University Hospitals Case Medical Center, Cleveland, OH
99. May 2007 The Muller-Jones Society Visiting Professorship, University of Virginia, Charlottesville, VA
100. April 2007 The John H. Trescher Visiting Professorship, The Pennsylvania State University College of Medicine, The Milton S. Hershey Medical Center, Hershey, PA
101. April 2007 Scott & White Hospital, Temple, TX
102. April 2007 The Alpha Omega Alpha Visiting Professorship, Penn State College of Medicine, Eta Chapter of Pennsylvania, Hershey, PA
103. Feb 2007 University of Miami, Miami, FL
104. Dec 2006 13th Annual Charles Wolferth, MD, Visiting Professorship, Philadelphia Annual Day of Trauma, Philadelphia, PA
105. Nov 2006 15th William J. Fouty, MD, Visiting Professorship, Washington Hospital Center, Washington, DC
106. July 2006 Lloyd M. Nyhus Visiting Professorship, Metropolitan Group Hospital/UIC Residency Program, Chicago, IL
107. June 2006 Carroll Long Visiting Professorship, East Tennessee State University, Johnson City, TN
108. May 2006 University of the Witwatersrand, Johannesburg, South Africa
109. May 2006 New York University School of Medicine, New York, NY
110. May 2006 33rd Annual Preston Wade Visiting Professor Lectureship, Weill Medical College of Cornell University, New York, NY
111. April 2006 University of Pennsylvania Medical Center, Philadelphia, PA
112. April 2006 11th Annual Puestow-Freark Visiting Professorship, Loyola University Medical Center, Maywood, IL
113. March 2006 The University of Kansas Medical School, Kansas City, KS
114. Jan 2006 Johns Hopkins School of Medicine, Baltimore, MD
115. Jan 2006 The Cooper Health System, Camden, NJ
116. Jan 2006 2006 Distinguished Visitor, University of Iowa Carter College of Medicine, Iowa City, IA
117. Oct 2005 William D. Seybold, M.D. Visiting Professorship, Southwestern Medical Center, Dallas, TX

Presentations:

Texas Tech University - Health Sciences Center Visiting Professorship – ‘Acute Care Surgery: Advances and Ongoing Challenges’ July 27, 2018, Lubbock, TX

Saint Louis University, Saint Louis School of Medicine Commencement– ‘Expectations for a New Healthcare System’ May 18, 2018, St. Louis, MO

The Joint Commission - Physician Leader Forum – ‘Ongoing Healthcare Challenges & Controversies in American Medicine: A Call for Leadership’ April 11, 2018, Chicago, IL

LD MacLean Visiting Professorship, McGill University – ‘Penetrating Trauma: What are the State-of-the-Art Management Paradigms?’ May 2, 2018, Montreal, QC

New York – Presbyterian Hospital, Weill Cornell – Ben Park Jr., MD Visiting Professorship - ‘The State of Healthcare in America: Major Challenges for Integrated Academic Health Systems- What Should be the Strategies to address them?’ March 26, 2018, New York, NY

Carilion Clinic – Robert Berry Visiting Professorship – ‘The State of Healthcare in America: Major Challenges for Integrated Academic Health Systems- What Should be the Strategies to address them?’ March 14, 2018, Roanoke, VA

University of Alabama Birmingham – Kirby Bland Visiting Professorship – ‘The State of Healthcare in America: Major Challenges for Integrated Academic Health Systems- What Should be the Strategies to address them?’ February 20, 2018, Birmingham, AL

University of Mississippi Medical Center James B. Hardy Visiting Professorship – ‘Penetrating Trauma: What are the State-of-the-Art Management Paradigms?’ and ‘The State of Healthcare in America: Major Challenges for Integrated Academic Health Systems- What Should be the Strategies to address them?’ January 24, 2018, Jackson, MS

Donald Church Balfour Visiting Professorship - Major Challenges for Integrated Academic Health Systems- What Should be the Strategies to address them? December 1, 2017, Rochester, MN

American College of Surgeons Clinical Congress, The Scudder Oration on Trauma- Still the Cornerstone of Acute Care Surgery Specialty, October 24, 2017, San Diego, CA

University of Iowa, Trailblazers Lecture- Leadership in Healthcare: the essentials and the challenges- Mentorship and Sponsorship: the gateway to success, October 19, 2017, Cedar Rapids, IA

University of North Texas, Trauma Symposium- Penetrating Neck Trauma, What's New? October 13, 2017, Ft. Worth, TX

Cleveland Surgical Society Leadership Lecture- Leadership in Healthcare: the essentials and the challenges, October 3, 2017, Cleveland, OH

St. Francis Medical Center Lectureship- Leadership: the essentials and the challenges, August 28, 2017, Lynwood, CA

Day Camp Presentation Presented at M. Foscue Brock Institute for Community and Global Health, July 20, 2017, Norfolk, VA

"Community Health Disparities presentation: Expand on the need for free clinics as a result of health disparities and need for safety net providers" Presented at Tidewater Free Clinic, June 22, 2017, Suffolk, VA

Winchester Medical Center Visiting Professorship- Acute Care Surgery: Ongoing Challenges and Discussion on Healthcare Disparities May 17, 2017, Winchester, VA

Point-Counterpoint Conference, Charles Wolferth Lecture- The Critically Ill and Injured Patients, Are we Providing Optimal Care? May 11, 2017, Baltimore, MD

"Leading Beyond Surgery", Presented at Surgeons as Leaders Course, May 1, 2017, Durham, NC

Donald Silver Endowed Lectureship- Healthcare Disparities: The Greatest Challenge Facing the Nation, April 5, 2017, Columbia, MO

Lankenau Medical Center Visiting Professorship- Healthcare Disparities: America's Greatest Challenge, March 21, 2017, Philadelphia, PA

Harriet Tubman Visiting Professorship-West Virginia University- Healthcare Disparities: The Greatest Challenge Facing the Nation, February 22, 2017, Morgantown, WV

University of California San Diego- Visiting Professorship- American Surgery: Ongoing Challenges and Controversies, January 18, 2017, San Diego, CA

Suffolk Partnership for a Healthy Community- The Art of Supper: Painting a Picture of Health, November 13, 2016, Suffolk, VA

Building the Next Generation of Academic Physicians (BNGAP)- Keynote Address, Eastern Virginia Medical School, October 7, 2016, Norfolk, VA

Saint Francis Hospital Research Day- Acute Care Surgery: advances and challenges and Healthcare Disparities in America: Our Greatest Challenge, October 5, 2016, Hartford, CT

"American Healthcare: A Long and Unexpected Journey" Presented at the 2016 Sentara Safety Summit. September 29, 2016, Williamsburg, VA

John A. Barrett Lectureship- Acute Care Surgery: advances and challenges- Cook County Hospital, July 28, 2016, Chicago, IL

Rural Health Policy Mini Conference- Chronic Health Disease, Health Disparities in Rural America, June 11, 2016, Suffolk, VA

Courtney Townsend, MD Lectureship- What are the Real Challenges and Threats in Healthcare? May 18, 2016, Galveston, TX

Keynote Presentation- American Healthcare: What is the status? Presented at the 2016 Mid-Atlantic Current Concepts in Vascular Therapies Conference, April 22, 2016, Virginia Beach, VA

What Acute Care Surgery is, and its journey. Presented at the USA Trauma Symposium, April 7, 2016, Mobile, AL

New Challenges in Trauma Care. Presented at the Annual Trauma Symposium, February 11, 2016, Wilmington, NC

Acute Care Surgery: The Next Generation General Surgeon. Presented at Hackensack University Medical Center, December 15, 2015, Hackensack, NJ

Healthcare Reform and the Affordable Care Act: Where are the Gaps and What Are the Challenges. Presented at the University of Virginia Department of Surgery, November 11, 2015, Charlottesville, VA

The 21st Century: The Renaissance Period for American Surgery. Presented at the University of Tennessee, Knoxville Department of Surgery, September 11, 2015, Knoxville, TN

Fitts Oration: Acute Care Surgery: Is It Time for a Victory Lap? Presented at the Annual AAST Meeting, September 11, 2015, Las Vegas, Nevada

Acute Care Surgery: The Postscript. Presented at the International Surgical Group 2015 Annual Meeting, June 27, 2015, Berlin, Germany

Keynote Presentation: There is No Shortage of Celebrities: A Call for Leadership? Presented at the ACS Surgeons as Leaders: From Operating Room to Boardroom, June 7, 2015, Chicago, IL

Kelsey-Seybold Visiting Professor: The 21st Century: The Renaissance Period for American Surgery. Presented at Baylor College of Medicine, April 29, 2015, Houston, TX

Gardner W. Smith Visiting Professorship: American Surgery: The Great Challenges and Possible Solutions. Presented at John's Hopkins University, April 16, 2015, Baltimore, MD

Dr. William P. Longmire, Jr. Visiting Professor: The 21st Century: The Renaissance Period for American Surgery. Presented at the University of California, Los Angeles Department of Surgery, March 20, 2015, Los Angeles, CA

Brian Blades Lecturer: Penetrating Trauma Management: An Evidence Based Approach. Presented at the The George Washington University Hospital Department of Surgery, March 11, 2015, Washington, DC

Glasgow Emergency Surgery and Trauma Symposium (GESTS) Faculty Member. Presented at the Royal College of Physicians and Surgeons of Glasgow, February 26-27, 2015, Glasgow, Scotland

The indications for Transfer to an Acute Care Surgical Tertiary Service Britt RC, Novosel TJ, Collins JN, Weireter LJ, Britt LD Academic Surgical Congress, February 2015

The Ernest F. Rosato/William Maul Measey Endowed Lectureship in Surgical Education. Presented at Department of Surgery/University of Pennsylvania, October 23, 2014, Philadelphia, PA

Trauma Boyle Lecture: Penetrating Trauma Management: An Evidence Based Approach. Presented at Iowa Methodist Medical Center, October 16, 2014, Des Moines, IA

Surgery Resident Lecture: The Next Generation General Surgeon: The Acute Care Surgeon. Presented at Iowa Methodist Medical Center, October 15, 2014, Des Moines, IA

Acute Care Surgery: The Next Generation. Presented at The John Jones Surgical Society's 14th Annual Spring Meeting Honoring Kenneth A. Forde, MD, "Fruits of His Labor", June 20, 2014, New York City, NY

Visiting Professor Talk: Acute Care Surgery: Ongoing Challenges. Presented at Inova Fairfax Hospital Department of Surgery Grand Rounds, June 11, 2014, Falls Church, VA

Master of Surgery Address: The 21st Century: The Renaissance Period for American Surgery. Presented at Keystone Trauma and Emergency Medical Services Conference, May 30, 2014, Farmington, PA

Keynote Address: There is No Shortage of Celebrities: A Call for Leadership. Presented at American College of Surgeons, Surgeons as Leaders Course, May 19, 2014, Chicago, IL

Pearce-Roslyn Lecture: American Surgery: The Great Challenges That Must Be Addressed. Presented at Drexel University School of Medicine Grand Rounds, May 6, 2014, Philadelphia, PA

Withdrawal of Care in a Trauma ICU: The Impact on Mortality Rate. Weireter LJ, Collins JN, Britt RC, Novosel TJ, Britt LD. Southern Surgical Congress. Savannah, GA February 2014

The Inaugural Claude H. Organ, Jr. Lectureship in African American Medicine: American Surgery and Healthcare Reform: Lingering Challenges. Presented at the University of Alabama at Birmingham, November 8, 2013, Birmingham, AL

Keynote Address: Penetrating Trauma Management: What is Actually Evidence-Based Practice? Presented at the 3rd Annual Northern Ohio Trauma System (NOTS) Trauma Symposium, October 28, 2013, Cleveland, OH

Penetrating Neck and Torso Injuries: What's New? Presented at the 22nd Annual Critical Concepts: Exploring Critical Care and Trauma Symposium, October 17, 2013, Norfolk, VA

The Acute Care Surgeon: The Next Generation General Surgeon. Presented at the Surgical Grand Rounds, University of Toledo School of Medicine, October 16, 2013, Toledo, OH

Keynote Address: Penetrating Trauma Management: What is actually evidence-based practice? Presented at St. Luke's University Hospital 9th Annual Contemporary Issues in Trauma Conference, October 11, 2013, Bethlehem, PA

Augustus McCravey Lecture: American Surgery and Healthcare Reform: Lingering Challenges. Presented at UT College of Medicine, Chattanooga, June 22, 2013, Chattanooga, TN

American Surgery and Healthcare Reform: Lingering Challenges. Presented to the Harwell Wilson Surgical Society on Friday, June 14, 2013, Memphis, TN

Keynote Address: American Surgery: The Great Challenges That Must Be Addressed. Presented at the Metropolitan Philadelphia Chapter of American College of Surgeons Annual Joint Dinner Meeting, May 20, 2013, Philadelphia, PA

The Death of an American President and the Evolution of American Surgery. Presented at the Surgery Grand Rounds, Eastern Virginia Medical School, May 17, 2013, Norfolk, VA

American Surgery: The Great Challenges and Possible Solutions. Presented at the Surgical Grand Rounds, Virginia

Commonwealth University School of Medicine, May 16, 2013, Richmond, VA

Keynote Presentation: Leadership in the Healthcare Environment: How should the Mounting Challenges be Addressed? Presented at the American College of Surgeons, Surgeons as Leaders Course, May 7, 2013, Chicago, IL

The 21st Century: The Renaissance Period For American Surgery. Presented at the Emory University Acute Care Surgery CME Conference, May 4, 2013, Atlanta, GA

State-of-the-Art Management of Penetrating Neck and Torso: Facts and Fiction. Presented at the 15th Annual Connecticut Trauma Conference, April 18, 2013, New Haven, CT

Presidential Address. Presented at the 133rd Annual Meeting of the American Surgical Association, April 4, 2013, Indianapolis, IN

The Acute Care Surgeon: The Next Generation General Surgeon. Presented at the Buffalo Surgical Society, March 28, 2013, Buffalo, NY

Penetrating Trauma Management: What is actually evidence-based practice? Presented at the 13th Annual Trauma Symposium, March 16, 2013, South Bend, IN

Prothro Lecture: The Next Generation General Surgeon: The Acute Care Surgeon. Presented at Baylor University Medical Center, March 13, 2013, Dallas, TX

Keynote Address. Presented at the Medical Association of the Bahamas Conference, March 6, 2013, Nassau, Bahamas

American Surgery and Healthcare Reform: Lingering Challenges. Presented to the Boston Surgical Society, March 4, 2013, Boston, MA

Honor Lecture: American Surgery: The Great Challenges and Possible Solutions. Presented at the 33rd FL Raffucci Forum, February 22, 2013, San Juan, Puerto Rico

Can Routine Trauma Bay CXR be Bypassed with an Extended FAST Examination? Soult MC, Weireter LJ, Britt RC, Collins JC, Novosel TJ, Reed SF, Britt LD. Southeastern Surgical Congress, February 2013

American Surgery and Healthcare Reform: Lingering Challenges. Presented at Wexner Medical Center at the Ohio State University, January 24, 2013, Columbus, OH.

Frank L. Mitchell Lecture: Crush Injuries. Advances in Trauma Meeting, December 7, 2012, Kansas City, MO

Healthcare Reform 2012: What will be impact on optimal management of burn patients? Southern Region Burn Conference, November 16, 2012, Norfolk, VA

American Surgery and Healthcare Reform: Lingering Challenges. Presented at the Maryland Chapter, American College of Surgeons Annual Meeting, November 10, 2012, Baltimore, MD

Crush Injuries. Presented at the Critical Concepts/Trauma Symposium, October 23, 2012, Norfolk, VA

The Crisis in Healthcare: The Impact of the Workforce Shortage in Surgery. Presented at the Eastern Virginia Medical School Department of Internal Medicine Grand Rounds, October 10, 2012, Norfolk, VA

Penetrating Trauma Management: Have We Reached A Consensus? Presented at the Annual Rocky Mountain Trauma Conference, June 27, 2012, Breckenridge, CO

Healthcare Disparities: Our Greatest Health Care Risk as a Nation. Presented at Brown University Surgical Grand Rounds, May 30, 2012, Providence, RI

Global Health Care: Challenges and Ongoing Controversies. Presented at Brown University Resident Day, May 29, 2012, Providence, RI

Penetrating Trauma Management: What is the Current State-of-the-Art? Presented at AtlantiCare 14th Annual Trauma Symposium, May 22, 2012, Atlantic City, NJ

The Acute Care Surgeon: The Next Generation General Surgeon. Presented at Cedars-Sinai Medical Center Department of Surgery Grand Rounds, May 9, 2012, Los Angeles, CA

Penetrating Trauma: What is the Current State-of-the-Art Management? Presented at the Jacobi Trauma and Emergency Medicine Symposium, May 2, 2012, Bronx, NY

Acute Care Surgery: The Next Generation General Surgeon. Presented at Columbia University Department of Surgery Grand Rounds, April 19, 2012, New York City, NY

Acute Care Surgery in the 20th Century: It Has Been the Best of Times and the Worst of Times. Presented at the Washington University Department of Surgery Grand Rounds, April 11, 2012, St. Louis, MO

Disparities in Access to Colorectal Cancer Care. Presented at the Society of Surgical Oncology Annual Meeting, March 24, 2012, Orlando, FL

Leadership and Life Lessons Learned as the President of the American College of Surgeons. Presented at Scripps Health, March 16, 2012, San Diego, CA

What the PPACA Does for Patient Care. Presented at SAGES, March 10, 2012, San Diego, CA

The ACGME Perspective Stance on Duty Hours. Presented at SAGES, March 8, 2012, San Diego, CA

American Surgery: The Great Challenges and Possible Solutions. Presented at the Rush University medical Center, Department of Surgery Grand Rounds, February 22, 2012, Chicago, IL

The 21st Century-The Renaissance Period for American Surgery: What will be the aftermath? Presented at the University of Virginia School of Medicine, Department of Surgery Grand Rounds, February 15, 2012, Charlottesville, VA

Acute Care Surgery in the 21st Century. Presented at the Royal College of Surgeons in Ireland Charter Day, February 3, 2012, Dublin, Ireland

Ongoing Crisis in Emergency Surgical Care: Is the Acute Care Surgery Model the Answer? Presented at the American College of Surgeons, Southern California Chapter Annual Meeting, January 21, 2012, Santa Barbara, CA

Penetrating Neck Injuries: What's New? Presented at 34th Annual Advances in Trauma Annual Meeting, December 9, 2011, Kansas City, MO

Acute Care Surgery: What's New? Presented at 34th Annual Advances in Trauma Annual Meeting, December 9, 2011, Kansas City, MO

The Minimalist Approach in Trauma Management: Is it Evidence Based? Presented at Common Session American Surgical Association - Academie Nationale De Chirurgie, November 18, 2011, Nice, France

Global Surgery: Challenges and Ongoing Controversies. Presented at Common Session American Surgical Association - Academie Nationale De Chirurgie, November 16, 2011, Paris, France

Penetrating Neck and Torso Injuries: What's New? Presented at St. Joseph's Regional Medical Center, November 5, 2011, Paterson, NJ

Aspects of Medical Education. Presented at ACS CT Chapter Meeting, November 4, 2011, Waterbury, CT

Penetrating Trauma: What is Actually Evidenced-Based Practice? Presented at Detroit Trauma Symposium, November 3, 2011, Detroit, MI

Acute Care Surgery – The Evolution of a New Specialty: Ongoing Challenges. Presented at Wayne State Surgical Society, November 2, 2011, Detroit, MI

Duty Hour Restrictions for Surgical Residents: Impact on Patients, Residents, & Faculty - Perspective from the American College of Surgeons. Presented at ACS B/R Meeting & Clinical Congress, October 25, 2011, San Francisco, CA

Keynote Address at MODSIM 2011. Presented at MODSIM Conference, October 13, 2011, Virginia Beach, Virginia

Penetrating Trauma Management: What is the Current State-of-the-Art? Presented at the 2nd Annual Drs. M.Y. & Shaheda Ahmed Symposium, October 4, 2011, Toledo, OH

Acute Care Surgery: Ongoing Challenges. Presented at the 2nd Annual Drs. M.Y. & Shaheda Ahmed Symposium, October 4, 2011, Toledo, OH

Health Care Disparities: Our greatest health risk as a nation. Presented at the 12th Annual Biomedical Research Symposium, September 22, 2011, Tuskegee, AL

Presidential Address. AAST and the Clinical Congress of Acute Care Surgery. Presented at the 70th Annual AAST Meeting, September 14, 2011, Chicago, IL

Current Issues in the ACS. Presented at the Georgia Chapter ACS, August 27, 2011, Atlanta, GA

Trauma/Critical Care Point Counter Point. Presented at the NMA Annual Convention & Scientific Assembly, July 25, 2011, Washington, DC

Abdominal Gunshot Wounds: Be a Real Surgeon and Cut! Presented at ACS Thailand, July 14, 2011, Bangkok, Thailand

How I Do It: Challenges for Trauma Surgeons Transcervical Gunshot Wounds. Presented at ACS Thailand, July 14, 2011, Bangkok, Thailand

Advanced technology and the minimalist approach: A call for evidence based practice. Presented at WACS Dakar, Senegal, July 5, 2011, Dakar, Senegal

Honeyman-Gillespie Lecture – Healthcare Reform: the global challenges. Presented at The Royal College of Surgeons of Edinburgh, June 30, 2011, Edinburgh, Scotland

3rd Rabinovici Memorial Lectureship – Global Trends in Surgery. Presented at the 27th Biannual Conference of the Israel Surgical Association, June 29, 2011, Jerusalem, Israel

Minimalist Approach in Penetrating Trauma Management: Is this evidence-based practice?: Presented at American British Cowdray Hospital, May 19, 2011, Mexico City, Mexico

Ferguson Lectureship – The Future of Acute Care Surgery: Ongoing Challenges: Presented at Emory University Hospital, April 21, 2011, Atlanta, GA

Keynote Speaker – American Surgery: The Great Challenges and Dilemmas: Presented at All Surgeons Day, ACS DC Chapter Meeting, March 26, 2011, Washington DC

Waltman Walters Lectureship - American Surgery: The Growing Challenge: Presented at the Mayo Clinic Hospital, February 25, 2011, Scottsdale, AZ

Health Care Reform and the American College of Surgeons: Presented at Exempla St. Joseph Hospital, February 15, 2011, Denver, CO

H. James Fox Lectureship - Surgical Training: Pros & Cons of Duty Hours Limitations: Presented at The University of Colorado Denver, February 14, 2011, Denver, CO

Penetrating Trauma Management-2010: What is actually evidence-based practice? Presented at University of Toledo Medical Center, January 5, 2011. Toledo, OH

Opening Doors: Contemporary African-American Academic Surgeons. Presented at the Opening Ceremony for the History of Medicine Exhibit at Harvard Medical School, December 9, 2010, Boston, MA

Overhauling Graduate Medical Education in Surgery: Long Overdue. Presented at Massachusetts General Hospital, December 9, 2010, Boston, MA

Penetrating Trauma Management – 2010: What is actually evidence-based practice? Presented at Massachusetts General Hospital, December 9, 2010, Boston, MA

Acute Care Surgery: Is there documentation of improved outcomes (e.g. biliary disease)? Presented at Vezina-Couture Conference, November 5, 2010, Quebec, Canada

The Future of Acute Care Surgery: Ongoing Challenges. Presented at Vezina-Couture Conference, November 5, 2010, Quebec, Canada

Healthcare Reform: The role of the American College of Surgeons. Presented at the Oklahoma City Chapter of the ACS Annual Meeting, October 15, 2010, Oklahoma City, OK

American Medicine: Addressing Challenges. Presented at UC Davis 8th National Pre-Medical and Pre-Public Health Conference, October 10, 2010, Davis, CA

Healthcare reform a year later. Presented at the Business of Surgery Meeting, October 7, 2010. Washington, DC

Alleghany General Hospital Visiting Professor. Acute Care Surgery. Presented at Alleghany General Hospital, September 10, 2010, Pittsburgh, PA

Penetrating Trauma Management 2010: What is evidence-based practice? Presented at Ryder Trauma Center-Jackson Memorial Center, September 2, 2010, Miami, FL

Priorities in America: call for a true healthcare reform. Presented at the National Medical Association-Sinkler Memorial Lecture, August 4, 2010, Orlando, FL

Acute Care Surgery. Presented at the SC/NC Chapters of the ACS South Carolina Vascular Surgical Society 2010 Joint Chapter Meeting, July 11, 2010, Myrtle Beach, SC

Reoperative neck surgery. Presented at the SC/NC Chapters of the ACS South Carolina Vascular Surgical Society 2010 Joint Chapter Meeting, July 11, 2010, Myrtle Beach, SC

Penetrating trauma – 2010: Is the minimalist approach evidence based? Presented at Greenville Hospital System University Medical Center, June 18, 2010, Greenville, SC

Ongoing controversies in trauma management and surgical critical care. Presented at Albany Medical Center, May 27, 2010, Albany, NY

Ongoing controversies in trauma management and surgical critical care. Presented at the Thomas Heiling Memorial Medical Center, May 14, 2010, Johnstown, PA

Graduate medical education in surgery: a call for a major overhaul. Presented at the Thomas Heiling Memorial Medical Center, May 14, 2010, Johnstown, PA

History of the American College of Surgeons. Presented at the Robert Wilson Medical history Club, May 6, 2010 Charlestown, SC

Ongoing controversies in trauma management and surgical critical care. Presented at the Atlanta Medical Center Symposium, April 24, 2010, Atlanta, GA

Sub-specialties and policy. Presented at the University of Tennessee, Hamilton Eye Institute, April 7, 2010, Memphis, TN

American Medicine: the challenges and dilemmas. Presented at the Alpha Omega Alpha Visiting Professorship at the University of Tennessee, April 7, 2010, Memphis, TN

Penetrating Trauma – 2010: Is the “minimalist” approach evidence based? Presented at the Michael DeBakey Visiting Professorship, University of Texas Medical Center, March 30, 2010, Houston, TX

Graduate Medical Education in Surgery: A call for a major overhaul. Presented at Ben Taub Hospital, March, 30, 2010, Houston, TX

Ongoing controversies in trauma management and surgical critical care. Presented at the Distinguished Professor Lecture. March 29, 2010, San Antonio, TX

Penetrating Trauma 2010 – Is the “minimalist” approach evidence based? Presented at the Mayo Visiting Professorship at Northwestern University, March 25, 2010, Chicago, IL

Communication: The essential core competency. Presented at the Bridge Day at the State University of New York Upstate Medical Center, March 17, 2010, Syracuse, NY

American Medicine: the great challenges and dilemmas. Presented at the Alpha Omega Alpha Visiting Professorship at the State University of New York Upstate Medical Center, March 17, 2010, Syracuse, NY

Penetrating Trauma Management-2010: Ongoing controversies. Presented at the Champs-Lyons Visiting Professorship, University of Alabama, March 13, 2010, Birmingham, AL

Health Care Reform: A surgeon’s perspective. Presented at Case-Western Reserve University, March 3, 2010, Cleveland, OH

Surgical Critical Care: A discipline at the crossroads. Presented at Case-Western Reserve University, March 3, 2010, Cleveland, OH

Opening remarks for the American College of Surgeons. Presented at the Southeastern Surgical Congress, February 20, 2010, Savannah, GA

Reoperative Thyroid Surgery. Presented at the Southeastern Surgical Congress, February 20, 2010, Savannah, GA

Penetrating Trauma Management – 2010: Ongoing controversies. Presented at the Hunter-Sweaney Visiting Professorship, University of North Carolina, February 10, 2010, Chapel Hill, NC

Presidential Address Southern Surgical Association Impact on healthcare reform. Presented at the Eastern Association for the Surgery of Trauma, January 21, 2010, Phoenix, AZ

Presidential Address The Mississippi River and the Southern Surgical Association: Regional in name only (the impact of the SSA on the advancement of trauma management). Presented the Southern Surgical Association, December 7, 2009, Hot Springs, VA

The Physician and Surgeon shortage. Presented at the Conference on Healthcare and Patient Advocacy, November 13, 2009, Lexington, KY

The Future of Trauma Care. Presented at the Grant Medical Center Trauma Conference, November 10, 2009, Columbus, OH

The Profession. Presented at the ACS Clinical Congress, October 13, 2009, Chicago, IL

No, It Doesn't. Presented at the ACS Clinical Congress, October 13, 2009, Chicago, IL

Surgical Critical Care: A discipline at the crossroads. Presented at the University of Arizona, September 23, 2009. Tucson, AZ

American Medicine: The greatest challenges and dilemmas. Presented at David Skinner Memorial Lecture, September 2, 2009, Chicago, IL

Acute care surgery: The evolution of a new specialty. Presented at the Association of South Africa Conference, August 8, 2009, Cape Town, South Africa

Leadership in a crisis state. Presented at the American College of Surgeons: Surgeons as Leaders Course, July 1, 2009, Chicago, IL

The impact of acute care surgery on the community surgeon. Presented at the American College of Surgeons Florida Chapter, May 23, 2009, Palm Coast, FL

Penetrating trauma management: State-of-the-art management. Presented at the Francis D. Moore Visiting Professorship, Brigham and Women's Hospital, May 17, 2009, Boston, MA

Ongoing controversies in trauma management and surgical critical care. Presented at the Sam Gross Visiting Professorship, May 15, 2009 Louisville, KY

The surgeon as the leader of healthcare reform. Presented at Washington Hospital Center: The business of surgery, May, 9, 2009, Arlington, VA

Graduate medical education at the crossroads. Presented at the David Seegal Alpha Omega Alpha Visiting Professorship, Columbia University, January 29, 2009, New York, NY

Graduate medical education: What are the real problems and solutions? Presented at the American College of Surgeons Louisiana Chapter, January 17, 2009, New Orleans, LA

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Folkert O. Belzer Visiting Professorship, University of Wisconsin, January 7, 2009, Madison, WI

Surgical critical care: A discipline at the crossroads. Presented at Tulane University, December 17, 2008, New Orleans, LA

Ischemia - reperfusion injury: Have we made progress? Presented at Advances in Trauma, December 12, 2008, Kansas City, MO

Penetrating cervical injury: state of the art. Presented at Advances in Trauma, December 12, 2008, Kansas City, MO

The transformation of trauma surgery. Presented at Harvard Trauma & Critical Care Symposium, November 11, 2008, Boston, MA

Catheter decompression for abdominal compartment syndrome. Presented at Harvard Trauma & Critical Care Symposium. November 10, 2008, Boston, MA

The role of United States surgical residency training programs in mitigating surgical disparities. Presented at the Disparities in Surgical Care: Access to Outcomes, October 27, 2008, Boston, MA

The 21st century: The renaissance period for American surgery. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, CA

Perspective from the United States. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, CA

Acute care surgeons: Great benefit to patients – what are they worth? Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, CA

Clinical aspects of surgical emergencies in the elderly. Presented at the 94th ACS Clinical Congress, October 15, 2008, San Francisco, CA

Getting it right the first time: Interviews, negotiations, oral boards. Presented at the 94th ACS Clinical Congress, October 14, 2008, San Francisco, CA

Educational responses to address the surgical workforce shortage. Presented at the 94th ACS Clinical Congress, October 14, 2008, San Francisco, CA

American surgery: Great expectations. Presented at the 94th ACS Clinical Congress, October 13, 2008, San Francisco, CA

Potential decrease of resident work hours. How should we respond? Presented at the 94th ACS Clinical Congress, October 12, 2008, San Francisco, CA

Leadership in the 21st century: Are the required skills different? Presented at the University of California San Francisco – East Bay, October 8, 2009, San Francisco, CA

Blunting the adverse sequence of ischemia/reperfusion: Is the answer at the molecular level? Presented at the 51st annual meeting of the International Surgical Group, September 15, 2008, Dresden, Germany

21st century trauma care: A multidisciplinary approach or a call for a “super-specialist”. Presented at Methodist Hospital, September 4, 2008, Houston, TX

The "Minimalist" approach in trauma management: Is this evidence based practice? Presented at Kansas City University Medical Center, August 1, 2008, Kansas City, MO

21st century trauma care: Multidisciplinary approach or a call for a "super-specialist. Presented at the University of Minnesota, June 4, 2008, Minneapolis, MN

Cavitary endoscopy in trauma. Presented at the University of Minnesota, June 4, 2008, Minneapolis, MN

The 21st century: The renaissance period in American surgery. Presented at the University of Massachusetts Medical School, May 29, 2008, Boston, MA

21st century trauma care: A multidisciplinary approach or a call for a "super-specialist". Presented at Carilion Roanoke Memorial Hospital, May 16, 2008, Roanoke, VA

American surgery: The great challenges and dilemmas. Presented at Carilion Roanoke Memorial Hospital, May 16, 2008, Roanoke, VA

Surgical critical care: A discipline at the crossroads. Presented at Lehigh Valley Hospital, May 13, 2008, Allentown, PA

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at Rochester University, May 3, 2008, Rochester, NY

Penetrating trauma in children: Is it different than management in adults? Presented at the Mark Tsvok Pediatric Trauma Symposium, April 30, 2008, Hartford, CT

American medicine in the 21st Century: The best of times and the worst of times. Presented at the University of Georgetown, April 22, 2008, Washington, DC

American medicine in the 21st Century: The best of times and the worst of times. Presented at the University of Maryland, April 17, 2008, Baltimore, MD

The labor force: Prediction for the future. Presented at the Business of Surgery – Evolving Strategies Symposium, April 12, 2008, Washington, DC

Who's gonna take care of us old folks? Presented at the Connecticut Trauma Conference, April 4, 2008, Foxwoods, CT

Southeastern Surgical Congress: Addressing the challenges that threaten our specialty. Presented as the Presidential address at the Southeastern Surgical Congress, February 10, 2008

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Cleveland Clinic, December 19, 2007, Cleveland, OH

Penetrating thoracoabdominal wounds: A role for laparoscopy? Presented at Advances in Trauma, December 7, 2007, Kansas City, MO

Surgical critical care: A discipline at the crossroads. Presented at Advances in Trauma, December 7, 2007, Kansas City, MO

Crush syndrome: Have we really improved outcome? Presented at the Detroit Trauma Symposium, November 8, 2007, Detroit, MI

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the Detroit Trauma Symposium, November 9, 2007, Detroit, MI

Acute care surgery in the 21st century: The best of time and the worst of times. Presented at Southern Illinois University, October 13, 2007, Springfield, IL

Surgical critical care: A discipline at the crossroads. Presented at Southern Illinois University, October 12, 2007, Springfield, IL

Diversity: The cornerstone of an enriched environment. Presented at the 93rd ACS Clinical Congress, October 8, 2007, New Orleans, LA

Changing the training paradigm: A perspective from the RRC for surgery. Presented at the 93rd ACS Clinical Congress, October 8, 2007, New Orleans, LA

Skills training in an educational sound environment. The RRC view. Presented at the 93rd ACS Clinical Congress, October 9, 2007, New Orleans, LA

Program director and American Board of Surgery-maintaining surgical excellence in response. Presented at the 93rd ACS Clinical Congress, October 10, 2007, New Orleans, LA

Acute care surgery in the 21st century: It has been the best of times and the worst of times. Presented at the University of California- Los Angeles, October 3, 2007, Los Angeles, CA

Penetrating abdominal trauma: What's new and proven? Presented at the American Association for the Surgery of Trauma, September 27, 2007, Las Vegas, NV

Surgery in the 21st century: The pivotal role of the NMA-surgical section. Presented at the 2007 National Medical Association Annual meeting, August 7, 2007, Honolulu, HI

Medical education in surgery: Is it time for a Flexner Report Part II? Presented at Upstate Medical University, June 13, 2007, Syracuse, NY

Graduate medical education in America: Are we falling behind? Presented at the General Surgery Update, June 7, 2007, Hilton Head, SC

Opportunistic infections in the ICU. Presented at the General Surgery Update, June 7, 2007, Hilton Head, SC

Restructuring emergency surgical and trauma care: The United States experience. Presented at the General Surgery Update, June 6, 2007, Hilton Head, SC

Cavitary endoscopy in trauma. Presented at the General Surgery Update, June 5, 2007, Hilton Head, SC

Crush injury – saving limb and life. Presented at Point/Counterpoint, June 4, 2007, Atlantic City, NJ

21st century trauma care: A multidisciplinary approach or a call for a “super-specialist”? Presented at the Maryland COT Trauma Conference, May 22, 2007, Baltimore, MD

Future of the acute care surgeon. Presented at University Hospitals Case Medical Center, May 30, 2007, Cleveland, OH

Graduate medical education in surgery: Is it time for a Flexner report part II? Presented at The University of Virginia, May 12, 2007, Charlottesville, VA

Graduate medical education 2007: A crisis or a renaissance period? Presented at Penn State College of Medicine, May 7, 2007, Hershey, PA

Yearly program update: Eastern Virginia Medical School. Presented at the Virginia Surgical Society, May 6, 2007, Hot Springs, VA

Graduate medical education in surgery: Is it time for a Flexner report part II? Presented at Scott & White Hospital, April 5, 2007, Temple, TX

American Medicine in the 21st century: The best of times and the worst of times. Presented as the 2007 Alpha Omega Alpha Visiting Professor address at Penn State College of Medicine, Eta Chapter of Pennsylvania, April 2, 2007, Hershey, PA

Graduate medical education: Are we going the right road? Presented at the University of Miami, February 16, 2007, Miami, FL

Accreditation council of graduate medical education: The competencies and simulation. Presented at TATRC's 7th Annual Advanced Medical Technology Review, February 6, 2007, Long Beach, CA.

Lessons learned from my experience in trauma. Presented at the Philadelphia Annual Day of Trauma as the 13th Charles Wolferth, MD, memorial lecturer, December 16, 2006, Philadelphia, PA

Penetrating trauma management: State of the art. Presented at the 29th Annual Advances in Trauma, December 8, 2006, Kansas City, MO

Opportunistic infections in the ICU: The price of success. Presented at the 29th Annual Advances in Trauma, December 8, 2006, Kansas City, MO

The "minimalist" approach in acute care surgery: Is this evidence-based practice? Presented at the Washington Hospital Center as the 15th William J. Fouty, MD, memorial lecturer, November 21, 2006, Washington, DC

Trends in U.S. and U.K. surgical education - A case for collaboration? Presented at the 92nd ACS Clinical Congress, October 11, 2006, Chicago, IL

The on-call specialist crisis: A moral dilemma - Creating Acute Care Surgeons is the Solution Presented at the 92nd ACS Clinical Congress, October 10, 2006, Chicago, IL

The surgical voyage: A different journey. Presented at the 92nd ACS Clinical Congress, October 9, 2006, Chicago, IL

Effective communication: An essential competency to enhance surgical care, promote safety, and reduce liability - contemporary trends and new mandates. Presented at the 92nd ACS Clinical Congress, October 9, 2006, Chicago, IL

Trauma management 2006: A critical analysis. Presented at the Trauma and Critical Care Symposium, September 23, 2006, Colorado Springs, CO

Acute care surgery: The next generation general surgeon. Presented at the Trauma and Critical Care Symposium, September 22, 2006, Colorado Springs, CO

Graduate medical education: What are the new challenges? Presented at the Metropolitan Group Hospital/UIC Residency in Surgery Department of Surgery Advocate Illinois Masonic Medical Center, July 25, 2006, Chicago, IL

The state of graduate medical education: A renaissance period. Presented at East Tennessee State, June 15, 2006, Johnson City, TN

The general competencies and graduate medical education: The USA's experience. Presented at the University of Pretoria, June 6, 2006, Pretoria, South Africa

Penetrating trauma management: What is the current state-of-the art? Presented at the University of the Witwatersrand, May 30, 2006, Johannesburg, South Africa

The “minimalist” approach to trauma management: Is this evidence-based practice? .Presented at the University of the Witwatersrand, May 30, 2006, Johannesburg, South Africa

Restructuring emergency surgical and trauma care: The US experience. Presented at University of the Witwatersrand, May 29, 2006, Johannesburg, South Africa

Penetrating trauma management: What is the current state-of-the art? Presented at the 20th Biennial Congress, Surgical Emergencies & New Technologies, May/June 2006

Complex pelvic trauma. Presented at the American Urological Association Annual Meeting, May 22, 2006, Atlanta, GA

The American College of Surgeons principles on expert witness testimony. Presented at the 109th Triological Society’s Annual Meeting, May 21, 2006, Chicago, IL

The “minimalist” approach in trauma management: Is this evidence-based practice? Presented at the 16th Annual Decision in Trauma sponsored by Cox Health, May 19, 2006, Springfield, MO

Nonoperative and selective management: What are the actual evidence-based indications? Presented at New York University School of Medicine, May 12, 2006, New York, NY

Penetrating trauma management: State-of-the-art management. Presented at Weill Medical College of Cornell University, May 8, 2006, New York, NY

ACGME resident duty work hours: Is this permanent? Presented at Allegheny General Hospital Shock Trauma Center, May 1, 2006, Pittsburgh, PA

Acute care surgery: The evolution of a new specialty. Presented at St. Luke’s Hospital, April 26, 2006, Bethlehem, PA

Acute care surgery: The evolution of a new specialty. Presented at the University of Pennsylvania Medical Center, April 25, 2006, Philadelphia, PA

Graduate medical education in the 21st Century: A call for a new surgical curriculum. Presented at Loyola University Medical Center, April 18, 2006, Maywood, IL

Nonoperative/selective manager: What are the actual evidence-based indications? Presented at Loyola University Medical Center, April 19, 2006, Maywood, IL

The future of trauma and surgical critical care. Presented at The Cooper Health System, January 31, 2006, Camden, NJ

Surgery and the new curriculum. Presented at the University of Iowa Carter College of Medicine, January 17, 2006, Iowa City, IA

The 21st century and the lingering disparities in health care. Presented at the University of Iowa Carter College of Medicine, January 17, 2006, Iowa City, IA

A renaissance period for graduate medical education: are we abandoning the Halstedian approach? Presented at Johns Hopkins, January 12, 2006, Baltimore, MD

Critical analysis: what have we done right, what have we done wrong? Presented at the 19th Annual Scientific Session, Eastern Association for the Surgery of Trauma, January 11, 2006, Orlando, FL

The acute care surgeon: A new model. Presented at the 28th Annual Advances in Trauma, December 8, 2005, Kansas City, MO

Cavitary endoscopy in trauma. Presented at the 28th Annual Advances in Trauma, December 8, 2005, Kansas City, MO

Chest trauma 101 – priorities and principles. Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, CA

Abdominal vascular injuries – control and exposure. Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, CA

Why am I a trauma surgeon? Presented at the 2nd Annual Trauma Day, November 5, 2005, San Diego, CA

Minimally invasive approach to injury is the wave of the future in modern trauma surgery, Presented at the 91st Annual Clinical Congress. October 20, 2005; San Francisco, CA

The pipeline issues: students and residents. Presented at the 91st Annual Clinical Congress, October 19, 2005; San Francisco, CA

Perineum trauma – anal/rectal injury. Presented at the 91st Annual Clinical Congress, October 19, 2005; San Francisco, CA

Surgery: the next generation. Presented to the medical students at the 91st Annual Clinical Congress, October 17, 2005, San Francisco, CA

Surgery: the next generation. Presented at the Warren H. Cole Society annual dinner during the 91st Annual Clinical Congress, October 17, 2005, San Francisco, CA

Graduate medical education 2005: a crisis or a renaissance period? Presented as the 20th William D. Seybold, M.D. Lectureship in Surgery at the University of Texas Southwestern Medical Center, October 5, 2005, Dallas, TX

Surgery: the cutting edge will always be research. Presented at the Oregon Health & Science University School of Medicine Department of Surgery Research Conference, October 3, 2005, Portland, OR

The state of graduate medical education: a renaissance period. Presented as the Visiting Professor at the Oregon Health & Science University School of Medicine, October 3, 2005, Portland, OR

Acute care surgery: the evolution of a new specialty. Presented as the Visiting Professor at the George Washington University Medical Center, June 15, 2005, Washington, DC

Graduate medical education 2005: a crisis or renaissance period? Presented as the Hitchcock Visiting Professor at the 50th anniversary Hitchcock Surgical Society annual academic meeting, June 14, 2005, Minneapolis, MN

Have the priorities changed? Presented at Trauma & Critical Care – Point/Counterpoint, June 7, 2005, Atlantic City, NJ

The state of graduate medical education: a renaissance period. Presented as the Robert M. Zollinger lecture at the Ohio State University Health Sciences Center, May 28, 2005, Columbus, OH

The “minimalist” approach in trauma management: is this evidence-based practice? Presented at the University of Tennessee, May 25, 2005, Memphis, TN

The changing face of trauma management: will the profession survive? Presented as the 8th Annual Ben F. Bryer Lecture at Mount Sinai, May 18, 2005, New York, NY

Penetrating trauma: state-of-the-art management. Presented as the Visiting Professor at Beth Israel, May 11, 2005, Boston, MA

The impact of the 80 hour work week on resident education. Presented as the Rankin Lecture for the West Virginia Chapter for the American College of Surgeons, May 7, 2005, Morgantown, WV

What real progress have we made in critical care? Presented at the Delaware Trauma Symposium, May 6, 2005, Dover, DE

Surgery and critical care: a divorce that cannot occur. Presented at the 50th anniversary celebration of the Illinois Surgical Society, May 2, 2005, Macomb, IL

The changing face of trauma management: will the profession survive? Presented at the Day of Surgery at St. Agnes Health Care, April 8, 2005, Baltimore, MD

Physician staffing and training in critical care. Presented at Foxwood Trauma Symposium, April 7, 2005, Hartford, CT

Effective conflict resolution skills useful to contending with residents, partners, hospital staff, OR staff and referring physicians. Presented at Foxwood Trauma Symposium, April 6, 2005, Hartford, CT

The changing face of trauma management: will the profession survive? Presented at the 2005 James W. Winkler Visiting Professor; St. Joseph Mercy Hospital, April 19, 2005, Ann Arbor, MI

The changing face of trauma management: will the profession survive? Presented at the 33rd Annual Day of Surgery, George A. Stewart Memorial Lecture, April 8, 2005, Baltimore, MD

Effective conflict resolution skills useful to contending with residents, partners, hospital staff, OR Staff and referring physicians. Presented at Surgeons as Leaders: From Operating Room to Boardroom, American College of Surgeons, April 6, 2005, Chicago, IL

The “minimalist” approach in trauma management: is this evidence-based practice? Presented as the keynote speaker at the Seventh Falmouth Hospital Trauma Symposium, March 23, 2005, Falmouth, MA

Penetrating trauma: state-of-the-art management. Presented as the keynote speaker at the Seventh Falmouth Hospital Trauma Symposium, March 23, 2005, Falmouth, MA

Managing post traumatic pleural complications. Presented at the Trauma & Critical Care 2005 Meeting, March 22, 2005, Las Vegas, NV

Let there be light: blind spots exposed. Presented at the Trauma & Critical Care 2005 Meeting, March 21, 2005, Las Vegas, NV

Penetrating trauma: state-of-the-art-management, Presented as the Emmett B. Frazer, M.D. Memorial Lecture at the University of South Alabama, March 11, 2005, Mobile, AL

The changing culture of medicine: a major challenge for graduate medical education. Presented as the Emmett B. Frazer, M.D. Memorial Lecture at the University of South Alabama, March 10, 2005, Mobile, AL

The overhauling of graduate medical education: the time has come. Presented at Grand Rounds at Brigham and Women's Hospital, March 9, 2005, Boston, MA

Trauma and critical care management 2005: What is evidence-based and what is not? Presented at University of Kentucky; Grand Rounds, March 2, 2005, Lexington, KY

Competence: the future of maintaining credentials. Presented at the Southeastern Surgical Congress, February 14, 2005, New Orleans, LA

Training the surgeons of the future. Presented at Annual Meeting of the Irish Higher Surgical Training Group, February 5, 2005, Dublin, Ireland

The changing culture of medicine: a major challenge for graduate medical education. Presented at Columbia University Grand Rounds, January 27, 2005, New York, NY

The impact of the minimalist approach on trauma/critical care management. Presented at Baystate Medical Center, Grand Rounds, January 13, 2005, Springfield, MA

The changing culture of medicine: a major challenge for graduate medical education. Presented at Stanford University, Grand Rounds, January 11, 2005, Stanford, CA

New ACGME requirements: providing a better environment for learning. Presented at Stanford University, Residents Lecture, January 11, 2005, Stanford, CA

Who is in charge in the ICU? Surgeons, intensivists or e-intensivists? Presented at "Advances in Trauma" Conference, Faculty – Region VII, ACS Committee on Trauma, December 10 – 11, 2004, Kansas City, MO
Crush syndrome. Presented at "Advances in Trauma" Conference, Faculty – Region VII, ACS Committee on Trauma, December 10 – 11, 2004, Kansas City, MO

Graduate medical education in the 21st century: the next renaissance. Presented at University of Pittsburgh, Grand Rounds, November 10, 2004, Pittsburgh, PA

A tale of two professions: medicine and business. Presented at the Ninth Annual Homer G Phillips Lecture, Washington University School of Medicine, October 22, 2004, St. Louis, MO

Interpersonal and communication skills. Presented at the American College of Surgeons Clinical Congress, October 8 – 15, 2004, New Orleans, LA

Penetrating neck injuries: old and new techniques. Presented at AAST Annual Meeting, September 28 – October 4, 2004, Maui, HI

The overhauling of graduate medical education: The time has come. Presented at the 55th Annual Alfred A. Strauss Lecture; The University of Washington, September 16 – 18, 2004, Seattle, WA

Crush syndrome: have we really improved outcome? Presented at the Hawaiian Islands Trauma Symposium 2004, July 10, 2004, Honolulu, HI

Penetrating neck and torso injuries: what's new? Presented at the Hawaiian Islands Trauma Symposium 2004, July 10, 2004, Honolulu, HI

Trauma management and the ‘minimalist’ approach: is this the emperor without clothes? Presented at the Hawaiian Islands Trauma Symposium 2004, July 9, 2004, Honolulu HI

The trauma profession: current threats. Presented as the Keynote address at the Hawaiian Islands Trauma Symposium 2004, July 9, 2004, Honolulu, HI

Priorities in trauma management: is there a paradigm shift? Presented at the Hawaiian Islands Trauma Symposium 2004, July 9, 2004, Honolulu, HI

Management of neck trauma. Presented at the 68th Annual Course in Surgery Advances in Trauma and Critical Care Surgery, June 17, 2004, Minneapolis, MN

Evolving role of nonoperative management in penetrating trauma. Presented at the 68th Annual Course in Surgery Advances in Trauma and Critical Care Surgery, June 17, 2004, Minneapolis, MN

Residency training in the USA: the ACGME outcomes project. Presented at the Royal College of Surgeons Meeting, June 9, 2004, London, England

Crush injury/crush syndrome. Presented at the Surgeons as Leaders Course. May 26, 2004; Chicago, IL

Contemporary trauma care – the survivor game. Presented at the 2004 Trauma and Critical Care – Point/Counterpoint XXIII meeting, May 25, 2004, Atlantic City, NJ

Trauma surgeon as emergency surgeon. Presented at the 2004 Trauma and Critical Care – Point/Counterpoint XXIII meeting, May 24, 2004, Atlantic City, NJ

The minimalist approach in trauma management: evidence-based medicine or a dangerous fad? Presented as the George Clowes Visiting Professor at the Boston University Medical Center, May 7, 2004, Boston, MA

Graduate medical education: at the crossroads. Presented at the 2004 Seventy-Second Annual Meeting of the Eastern Surgical Society, May 6, 2004, Boston, MA

Trauma career: changing perspectives. Presented at Virginia Commonwealth University Medical Center 2004 Trauma Symposium, April 27, 2004, Richmond, VA

The “minimalist” approach in penetrating trauma: is this evidence-based practice? Presented as the Visiting Professor at the University of Medicine and Dentistry of New Jersey, Surgical Grand Rounds, April 21, 2004, New Brunswick, NJ

Health care management 2004: Is surgery still on the “cutting edge”? Presented as the Kredel-Springs Visiting Professor Lecture at the Medical University of South Carolina, April 9, 2004, Charleston, SC

The medical profession and life challenges. Presented as the Alpha Omega Alpha Visiting Professor at the University of Miami School of Medicine Alpha Omega Alpha Awards Banquet, April 7, 2004, Miami, FL

Graduate medical education: threats and solutions. Presented as the Alpha Omega Alpha Visiting Professor at the University of Miami School of Medicine, Grand Rounds, April 7, 2004, Miami, FL

Panel moderator for the Society of Black Academic Surgeons. The new chairs: new faces, new challenges, April 3, 2004, Washington, DC

Moderator for the Association of Program Director’s in Surgery Mock RRC meeting: How do we really do this?, March 31, 2004, Houston, TX

Graduate medical education: a look into the future. Presented as the William Holden Visiting Professor at Case Western Reserve University, March 19, 2004, Cleveland, OH

Graduate medical education at the crossroads: what are the real threats? Presented as the Visiting Professor at New York Methodist Hospital, Grand Rounds, March 2, 2004, Brooklyn, NY

Current controversies in penetrating and blunt trauma. Presented at Memorial Regional Hospital's Eleventh Annual Trauma Symposium, February 13, 2004, Fort Lauderdale, FL

The evolution of a "new" surgical specialty. Presented as the Keynote address at Memorial Regional Hospital's Eleventh Annual Trauma Symposium, February 12, 2004, Fort Lauderdale, FL

The minimalist approach. Presented at the 2004 Southeastern Surgical Congress Annual Meeting, February 3, 2004, Atlanta, GA

The trauma profession: current threats. Presented as the Sherman Lecturer at the 2004 Southeastern Surgical Congress Annual Meeting, February 1, 2004, Atlanta, GA

Acute care surgery: the evolution of a new specialty. Presented as the Visiting Professor at the University of Miami Grand Rounds, January 8, 2004, Miami, FL

The trauma profession: the good news. Presented at the Advances in Trauma 2003 Meeting, December 12, 2003, Kansas City, MO

The 80-hour work week restrictions for residents and attendings will destroy trauma care. Presented as a panelist for the debate side/no for the Advances in Trauma 2003 Meeting, December 12, 2003, Kansas City, MO

Graduate medical education: the next generation. Presented as the Maurice Galante Visiting Professor at the University of California, San Francisco Department of Surgery Grand Rounds, December 10, 2003, San Francisco, CA

The great communicators of today. Presented as the Maurice Galante Visiting Professor, December 8, 2003, San Francisco, CA

Penetrating abdominal trauma: state of the art. Presented at the LXV National Medical Congress, November 25, 2003, San Jose, Costa Rica

Education of the surgical resident in the USA. Presented at the LXV National Medical Congress, November 24, 2003, San Jose, Costa Rica

The future of surgery: will graduate medical education be a casualty? Presented at the Eighth Annual New England Regional Trauma Conference, November 20, 2003, Burlington, MA

Embracing the "new look" of trauma: no apologies. Presented as the Keynote address at the Eighth New England Regional Trauma Conference, November 20, 2003, Burlington, MA

Graduate medical education at the crossroads: threats and solutions. Presented as the Felda Hightower Lecturer at the 11th Annual Residents' and Fellows' Research Day, November 6, 2003, Winston-Salem, NC

The nonoperative approach to penetrating trauma: is it a dangerous fad? Presented as the Keynote Speaker at the 9th Annual Huron Hospital Trauma Symposium, November 1, 2003, Cleveland, OH

Graduate medical education: the “new” look. Presented at the Society of Surgical Chairs meeting at the American College of surgeons Clinical Congress, October 23, 2003, Chicago, IL

Moderator for the American College of Surgeons Clinical Congress session for the challenges in trauma management and clinical strategies for risk reduction. Risk reduction in the ICU, October 22, 2003, Chicago, IL

Interpersonal and communication skills. Presented at the American College of Surgeons Clinical Congress session for the American College of Surgeons and the Core Competencies: Innovative Approaches for a New Era, October 22, 2003, Chicago, IL

Defining the training program: the essential components. Presented at the American Program Directors in Surgery meeting at the American College of Surgeons Clinical Congress, October 21, 2003, Chicago, IL

View from the surgery residency review committee. Presented at the American College of Surgeons Clinical Congress session of Changing Trends in Surgical Career Choices, October 20, 2003, Chicago, IL

The challenges of surgery in the 21st century. Presented at the American College of Surgeons Clinical Congress Medical Student Program, October 19, 2003, Chicago, IL

Graduate medical education at the crossroads: what are the real threats? Presented as the Donald Guthrie Visiting Professor at the Guthrie/Robert Packer Hospital Grand Rounds, October 2, 2003, Sayre, PA

Embracing the “new look” of surgery. Presented as the Donald Guthrie Visiting Professor at the Surgical Continuing Medical Education Meeting, October 1, 2003, Sayre, PA

Trauma management 2003: what are the real advances? Presented as the Visiting Professor at the Atlanta Medical Center Grand Rounds, September 24, 2003, Atlanta, GA

Models for the 80 hour work week – implications for trauma services. Presented at the Scientific Forum of the 62nd Annual Meeting of the American Association for the Surgery of Trauma, September 11, 2003, Minneapolis, MN

The minimalist approach in penetrating trauma management: is it evidence-based or fad? Presented as the Distinguished William R. Drucker trauma lecturer at the 18th Annual Surgery for Trauma Day, August 21, 2003, Bethesda, MD

The profession of surgery: is it still on the cutting edge? Presented at the Tennessee State Chapter American College of Surgeons Meeting, August 10, 2003, Paris State Park, TN

The state of graduate medical education. Presented as the Keynote Speaker at the 2003 EVMS Medical Alumni Reunion Scientific Seminar, August 9, 2003, Virginia Beach, VA

The RRC perspective. Presented at the Future of the Trauma Surgeon meeting, August 8, 2003, Chicago, IL

Perspectives on leadership and advocacy. Presented at the Leadership Workshop for American College of Surgeons Young Surgeon Representatives, June 22, 2003, Washington, DC

Resident work hours and trauma call. Presented at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting, June 3, 2003, Atlantic City, NJ

Opportunistic infections in the ICU: the price of success. Presented at the 10th Annual Trauma and Critical Care Symposium, May 13, 2003, Pasadena, CA

The trauma profession: current threats. Presented as the Distinguished JL Buckingham lecturer at the 10th Annual Trauma and Critical Care Symposium, May 12, 2003, Pasadena, CA

The state of graduate medical education: will the resident work hours be the straw that breaks the camel's back? Presented as the Keynote Lecture at the Alabama Chapter of the American College of Surgeons meeting, May 10, 2003, Destin, FL

How do I meet the 80-hour requirement? Presented at the combined spring meeting of the Association for Surgical Education and Association of Program Directors in Surgery, May 9, 2003, Vancouver, British Columbia

Minimalist approach to trauma care: the emperor's new clothes. Presented at the 15th Annual Trauma and Critical Care Symposium, April 30, 2003, Mason, OH

A career in traumatology: trends and threats. Presented at the 15th Annual Trauma and Critical Care Symposium, April 30, 2003, Mason, OH

The growing threats to the surgery profession: how will they be addressed? Presented as the Visiting Professor at the University of Virginia Grand Rounds, April 9, 2003, Charlottesville, VA

New operative venues. Presented at the Trauma 2003 Conference, April 3, 2003, Fort Worth, TX

Manpower issues. Presented at the 5th Connecticut Trauma Conference, March 27, 2003, Ledyard, CT

EMTALA and HIPAA. Presented at the 5th Connecticut Trauma Conference, March 26, 2003, Ledyard, CT

EMTALA and HIPAA. Presented at the Trauma and Critical Care 2003 meeting, March 26, 2003, Las Vegas, NV

New operative venues. Presented at the Trauma and Critical Care 2003 meeting, March 24, 2003, Las Vegas, NV

Septic shock and molecular research: show me the progress. Presented at University Hospital of Salt Lake City Basic Science meeting, March 12, 2003, Salt Lake City, UT

Graduate medical education and the growing challenges: who will be the "caretaker"? Presented at University Hospital of Salt Lake City Grand Rounds, March 12, 2003, Salt Lake City, UT

The diminishing role of operative trauma management: what are the pitfalls? Presented at the Salt Lake City Surgical Society dinner meeting, March 11, 2003, Salt Lake City, UT

Embracing the "new look" of surgery. Presented as the Drew-Syphax Lecturer at Howard University Hospital, March 10, 2003, Washington, DC

The "new look" for trauma surgery: is there a downfall? Presented at the Hobert Trauma Symposium, March 1, 2003, Dallas, TX

The diminishing role of operative trauma management: what are the pitfalls? Presented at Sinai Hospital of Baltimore Grand Rounds, January 23, 2003, Baltimore, MD

Graduate medical education at the crossroads. Presented as the William Erb Visiting Professor at the Philadelphia Academy of Surgery, January 6, 2003, Philadelphia, PA

Great leaders at the major turning points in our society. Presented at the quarterly dinner meeting of the State Chapter of the American College of Surgeons, November 22, 2002, Indianapolis, IN

Trauma management and the minimalist approach: is this the emperor without clothes? Presented as the Will C. Moore Visiting Professor, November 22, 2002, Indianapolis, IN

The downsizing of residency training: will research and academic excellence be the casualties? Presented as the Altmeier Visiting Professor at the University of Cincinnati, November 20, 2002, Cincinnati, OH

Trauma management and the minimalist approach: is this the emperor without clothes? Presented as the Altmeier Visiting Professor at the University of Cincinnati, November 19, 2002, Cincinnati, OH

Trauma management and the minimalist approach: is this the emperor without clothes? Presented at Carolinas Medical Center Grand Rounds. November 15, 2002; Charlotte, NC

The downsizing of residency training: will research and academic excellence be the casualties? Presented at the Charlotte Surgical Society, November 14, 2002, Charlotte, NC

Graduate medical education in critical care: what are the new challenges? Presented at the Multidisciplinary Critical Care Conference, November 14, 2002, Charlotte, NC

Crush syndrome: have we really improved outcome? Presented as the Visiting Trauma Professor at Jackson Memorial Hospital/Ryder Trauma Center, November 4, 2002, Miami, FL

Priorities in trauma management: is there a paradigm shift? Presented as the Visiting Trauma Professor at Memorial Regional Hospital, November 5, 2002, Hollywood, FL

The intensive care unit: the next generating operating room. Presented as the Visiting Trauma Professor at Shands Jacksonville, November 6, 2002, Jacksonville, FL

Penetrating neck and torso injuries: what's new? Presented as the Visiting Trauma Professor at Sacred Heart Hospital, November 7, 2002, Pensacola, FL

The trauma profession: current threats. Presented as the Visiting Trauma Professor at Tampa General Hospital, November 8, 2002, Tampa, FL

Solutions to OSHA/ACGME requirements for mandated work hour. Presented at the Society of Surgical Chairs, October 10, 2002, San Francisco, CA

Panelist for the American College of Surgeons Clinical Congress trauma video session, October 9, 2002, San Francisco, CA

Residents and students: The now generation. Presented at the American College of Surgeons Clinical Congress, October 7, 2002, San Francisco, CA

Moderator for the American College of Surgeons Clinical Congress panel for abdominal wall hernias. The hernia controversy: why can't we decide on one approach?, October 7, 2002, San Francisco, CA

Surgery 2002: The current state of surgical training. Presented at the American College of Surgeons Clinical Congress, October 6, 2002, San Francisco, CA

The state of general surgery: a health outlook. Presented at the Chicago Surgical Society, October 4, 2002, Chicago, IL

The challenges of medicine and public health: have we forgotten the Hippocratic oath? Presented at the Ron Brown Scholars Program, August 12, 2002, Aspen, CO

The pursuit of a career in medicine: is there a winning formula? Presented at the Ron Brown Scholars Program, August 12, 2002, Aspen, CO

The acute abdomen. Presented at the 18th Annual Family Medicine Review Course, June 14, 2002, Virginia Beach, VA

The changing face of trauma management: are the risks too high for the non-operative approach? Presented as the Deryl Hart Lecturer Duke University, June 12, 2002, Durham, NC

The dismantling of American Graduate Medical Education: Can it be reversed. Presented at Dayton Surgical Society meeting, May 28, 2002, Dayton, OH

Non-operative management of penetrating trauma: a call to action. Presented as Foundation Lecturer at the Royal Australasian College of Surgeons Annual Scientific Congress, May 11, 2002, Adelaide, South Australia

A career in trauma management: has the appeal faded? Presented at the Royal Australasian College of Surgeons Annual Scientific Congress, May 11, 2002, Adelaide, South Australia

Blunt torso trauma management 2002: Have new innovations really made a difference? Presented at the Royal Australasian College of Surgeons Annual Scientific Congress, May 11, 2002, Adelaide, South Australia

The state of terrorism. Presented at the Allegheny Trauma Symposium, May 3, 2002, Pittsburgh, PA

The dismantling of America's Graduate Medical Education: Can it be reversed? Presented as Woodward Lecturer, University of Florida, May 1, 2002, Gainesville, FL

What are the real advances in trauma management? Presented at Department of Surgery Grand Rounds, University of Florida, May 1, 2002, Gainesville, FL

Trauma 2002: Have we become too aggressive in non-operative management? Presented at the 31st Annual Postgraduate Course in Surgery, the Department of Surgery, Medical University of South Carolina. April 27, 2002, Charleston, SC

Management of penetrating neck injuries. Presented at the 31st Annual Postgraduate Course in Surgery, the Department of Surgery, Medical University of South Carolina, April 27, 2002, Charleston, SC

Splenic salvage: Is this much ado about nothing? Presented at the Postgraduate Course 12, Clinical Problems in Trauma and Emergency Surgery, 30th Annual Spring Meeting of the American College of Surgeons, April 17, 2002, San Diego, CA

Penetrating zone II cervical injuries: What now? Presented at the Postgraduate Course 12, Clinical Problems in Trauma and Emergency Surgery, 30th Annual Spring Meeting of the American College of Surgeons, April 17, 2002, San Diego, CA

Graduate medical education in surgery: what are the real threats? Presented at the Society of University Surgeons Annual meeting, February 15, 2002, Honolulu, HI

Priorities in the management of profound shock. Presented at 24th Annual Advances in Trauma, November 30, 2001, Kansas City, MO

“Alternative” surgery in trauma management. Presented at 24th Annual Advances in Trauma, November 30, 2001, Kansas City, MO

Changing times: Is education one of the casualties? Presented at the Georgia Surgical Society Annual meeting, November 15, 2001, Sea Island, GA

Challenges for surgery 2001. Presented at the Georgia Surgical Society Annual meeting, November 15, 2001, Sea Island, GA

Trauma 2001: Have we become too aggressive with non-operative management? Presented at the Georgia Surgical Society Annual meeting, November 15, 2001, Sea Island, GA

Protecting core values. Presented as National Medical Association’s Living Legend, October 21, 2001, Lafayette, LA

Achievement and challenges. Presented as National Medical Association’s Living Legend, October 22, 2001, Lafayette, LA

Selective non-operative management of penetrating trauma: standard of care or institution dependent? Presented as Richardson Professor, Massachusetts General Hospital, October 18, 2001, Boston, MA

How to interview for your surgical residency. Presented at the American College of Surgeons, Clinical Congress, October 8, 2001, New Orleans, LA

New solutions to new problems. Presented at the National Medical Association’s Annual Meeting, August 5, 2001, Nashville, TN

Trauma 2001: an update. Presented at the Seaboard Medical Association’s Annual Meeting, June 23, 2001, Nags Head, NC

Next generation medical education. Presented at the Seaboard Medical Association’s Annual Meeting, June 23, 2001, Nags Head, NC

Great debates in trauma and critical care: have there been any resolutions? Presented as the Harvey Cushing Lecturer, June 4, 2001, Manhasset, NY

Fast fluids: fact or fallacy? Presented at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting, May 22, 2001, Atlantic City, NJ

Threats to graduate medical education: who are the real barbarians at the gate? Presented as Presidential Address at Society of Black Academic Surgeons 11th Annual Meeting, April 7, 2001, Boston, MA

How many surgeons are enough? How do we meet manpower projections? Presented at Association of Program Directors in Surgery, March 30, 2001, Nashville, TN

Trauma patients as organ tissue donors. Presented at Trauma & Critical Care 2001, March 20, 2001, Las Vegas, NV

Intraabdominal injury. Presented at Trauma & Critical Care 2001, March 20, 2001, Las Vegas, NV

Patient volume per surgeon as predictor of survival/faculty presence and outcomes. Presented at Trauma & Critical Care 2001, March 20, 2001, Las Vegas, NV

ICU management tricks. Interactive breakout presented at Trauma & Critical Care 2001, March 19, 2001, Las Vegas, NV

Changing times: is education one of the casualties? Lecture presented as the 20th Annual Laurence Zollicoffer Lecturer, University of North Carolina, February 16, 2001, Chapel Hill, NC

Keynote Speaker for Dr. Martin Luther King Jr. A Day of Celebration Presented at Duke University, January 16, 2001, Durham, NC

When to keep and when to refer the pediatric trauma patient. Lecture presented at the American College of Surgeons Committee on Trauma 23rd Annual Advances in Trauma Meeting, December 8, 2000, Kansas City, MO

Cervical spine clearance. Lecture presented at the American College of Surgeons Committee on Trauma 23rd Annual Advances in Trauma Meeting, December 8, 2000, Kansas City, MO

Challenges for surgery 2000. Lecture presented at the Region II Resident Trauma Papers Competition, December 7, 2000, Kansas City, MO

The medical educator: An endangered species. Lecture presented at the University of Maryland School of Medicine Surgical Education Retreat, November 18, 2000; Baltimore, MD

Creative closures. Lecture presented at the American College of Surgeons Clinical Congress, October 25, 2000, Chicago, IL

How to interview for your surgical residency. Lecture presented at the American College of Surgeons, Clinical Congress, October 24, 2000, Chicago, IL

Priorities in the management of complex neck and torso injuries: has advanced technology made a difference? Lecture presented at the Trauma Fest 2000, September 22, 2000, Syracuse, NY

The new trauma era: should our priorities and management change? Lecture presented at the Distinguished William H. Sinkler, M.D. Lecture, National Medical Association, August 16, 2000, Washington, DC
Moderator for the Johns Hopkins' working conference on multi-institutional trial on antibiotic duration for penetrating abdominal trauma, May 26, 2000, Baltimore, MD

Trauma 2000 – is it time to go back to the basics? Presented at Dr. Charles Wolferth invited lectureship at the American College of Surgeons Committee on Trauma Point/Counterpoint Scientific Meeting, May 22, 2000, Atlantic City, NJ

The pursuit of a surgical career: a “front door” problem. Presidential address presented at Society of Black Academic Surgeons 10th Annual Scientific Session, April 27-29, 2000, Los Angeles, CA

Priorities in the management of complex torso injuries: has advanced technology made a difference? Presented at Connecticut Trauma Conference, April 13-14, 2000, Ledyard, CT

“Fourth generation” surgical education: should there be radical changes? Presented at the Hale-McMillan Lecture at Meharry-Vanderbilt Medical College, March 31, 2000, Nashville, TN

A career in surgery: is the appeal fading? Presented at: Martin Luther King, Jr. Annual Grand Rounds, Georgetown University Medical Center, January 19, 2000, Washington, DC

Penetrating neck and torso trauma: is there evidence-based data to support non-operative management? Presented at Stony Brook University and Medical Center, December 18, 1999, Stony Brook, NY

Priorities in the management of profound shock. Presented at Advances in Trauma, American College of Surgeons Committee on Trauma, December 10, 1999, Kansas City, MO

DVT in trauma patients: DX and prophylaxis. Presented at Advances in Trauma, American College of Surgeons Committee on Trauma, December 10, 1999, Kansas City, MO

A career in surgery: is the appeal fading? Presented at Distinguished Sinkler Lecturer Award, National Medical Association 1999 Annual Convention, August 10-12, 1999, Las Vegas, NV

Changes in trauma/critical care for the next millennium. Presented at Old Dominion Medical Society 94th Annual Scientific Session, June 17-20, 1999, Virginia Beach, VA

Advanced surgical gastrointestinal/biliary problems: an update. Presented at Internal Medicine Grand Rounds, Eastern Virginia Medical School, June 9, 1999, Norfolk, VA

Antibiotic irrigation - does it work? Presented at Trauma and Critical Care 99 – Point/Counterpoint XVIII, May 23-26, 1999, Atlantic City, NJ

Trauma: interactive case management. Presented for the Postgraduate Course 6 at the American College of Surgeons' Annual Spring Meeting, April 27, 1999, New York, NY

Evolving issues in penetrating neck and torso trauma management: will Y2K begin the era of nonoperative management? Presented at Connecticut Trauma Conference, April 21-22, 1999, Norwich, CT

Does trauma center designation improve trauma care? Presented at Centra Health, February 4-5, 1999, Lynchburg, VA

Trauma/critical care management for the new millennium. Presented at Centra Health, February 4-5, 1999, Lynchburg, VA

Trauma/critical care management: have we made any progress? Presented at St. Vincent's Hospital and Medical Center, February 10, 1999, New York, NY

Trauma/critical care management-paradigms: are all the changes beneficial? Presented at Philippine Centennial International Trauma Forum, November 13-15, 1998, Makati City, Metro Manila

New diagnostic modalities in trauma management: pros and cons. Presented at Philippine Centennial International Trauma Forum, November 13-15, 1998, Makati City, Metro Manila

Traumatology in America: over two decades of excellence: Presented at Edward Mason Distinguished Lecture, Howard University College of Medicine, November 9, 1998, Washington, DC

Trauma, infection, non-cardiac ICU issues, anesthesia, nonvascular-related wounds. Presented at the SESAP No. 10 Preview Session I at 1998 Clinical Congress of American College of Surgeons, October 26, 1998, Orlando, FL

Trauma Update '98: new trends in initial management of trauma patients. Presented at the Virginia College of Emergency Physicians Symposium, July 28, 1998, Virginia Beach, VA

Blunt trauma: the new and the old: diagnostic modalities in the management of blunt trauma. Presented at Via Christi Regional Medical Center, June 12, 1998, Wichita, KS

Penetrating trauma: changing management paradigms in penetrating trauma: have we become too conservative? Presented at Via Christi Regional Medical Center, June 11, 1998, Wichita, KS

Antibiotic usage in the ICU. Presented at Trauma and Critical Care 98 - Point/Counterpoint XVII, Eastern States American College of Surgeons, June 9, 1998, Lake Buena Vista, FL

The making of the complete physician/surgeon. Presented at Morehouse School of Medicine, April 8, 1998, Atlanta, GA

Trauma/critical care management-paradigms: are all the changes beneficial? Presented at Ambre de Lambert Maynard Distinguished Lecture, Morehouse School of Medicine, April 8, 1998, Atlanta, GA

Establishing enteral feeding: suburban hospital healthcare system. Presented at Critical Issues in Trauma, March 21, 1998, Bethesda, MD

Penetrating trauma: evolving issues in penetrating trauma: have we become too conservative? Presented at M.I.E.M.S.S., March 27, 1998, Baltimore, MD

Blunt trauma: the new and the old: diagnostic modalities in the management of blunt trauma. Presented at East Carolina University, February 11, 1998, Greenville, NC

The emerging role of selective/nonoperative trauma management: have we gone too far? Presented at American College of Surgeons Postgraduate Course #5 Critical Care of the Trauma Patient: Clinical Pathways for the Practicing Surgeon, October 14, 1997, Chicago, IL

How to interview for a residency position. Presented at American College of Surgeons, Committee on Surgical Education, October 14, 1997, Chicago, IL

Successful interviewing for residency. Presented at American College of Surgeons, Committee on Surgical Education, October 14, 1997, Chicago, IL

Aggressive management of the injured elderly: a good investment? Presented at American College of Surgeons, Trauma and Critical Care '97 Point/Counterpoint XVI, June 9, 1997, Boston, MA

Establishing enteral feeding - stethoscope, fluoroscope, endoscope or OR? Presented at American College of Surgeons, Trauma and Critical Care '97 Point/Counterpoint XVI, June 9, 1997, Boston, MA

Selective and nonoperative management in the trauma setting: have we gone too far? Presented at St. Louis University, May 21, 1997, St. Louis, MO

High voltage electrical injuries as the pro-topical septic model: are we really making progress on the cellular level? Presented at St. Louis University, May 21, 1997, St. Louis, MO

Violence and trauma: today's civil war. Presented at The A. Clifford Barger-Hinton distinguished lecture, Harvard Medical School, May 15, 1997, Boston, MA

Evolving management in penetrating trauma: have we gone too far with the nonoperative approach? Presented at The 38th Annual Clinical Congress, American Society of Abdominal Surgeons, April 26, 1997, Atlantic City, NJ

Ongoing controversies in blunt trauma and critical care. Presented at the 38th Annual Clinical Congress, American Society of Abdominal Surgeons, April 26, 1997, Atlantic City, NJ

Nonoperative and selective trauma management. Presented at Grand Rounds at Brooklyn Hospital Center, March 28, 1997, Brooklyn, NY

Controversies in trauma: have we become too selective or nonoperative? Presented at The Sixth Annual Will C. Sealy Trauma Symposium, Good Samaritan Hospital, November 6-7, 1996, Macon, GA

The evolving and controversial management in penetrating trauma. Presented at Grand Rounds at Good Samaritan Hospital: Medical Center of Central Georgia, October 29-30, 1996, Cincinnati, OH

Empyema following blunt trauma: an unrecognized cause of respiratory failure. Presented at The 82nd Annual Clinical Congress, American College of Surgeons, October 6-10, 1996, San Francisco, CA

Trauma and organ procurement. Presented at the Committee on Trauma Clinical Congress, October 6-10, 1996, San Francisco, CA

Tracheostomy: early vs. delayed open or percutaneous? Presented at American Association of the Surgery of Trauma, September 8-20, 1996, Houston, TX

Surgery for abdominal trauma: physiology and surgery of the spleen. Presented at the National Center for Advanced Medical Education, Specialty Review in General Surgery, Part I. Principles of Trauma, August 16-18, 1996, Chicago, IL

Non-operative trauma management: has the pendulum swung too far? Presented at the National Medical Association 101st Annual Convention and Scientific Assembly, July 27-August 18, 1996, Chicago, IL

The changing principles of trauma. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons, April 21, 1996, New Orleans, LA

The abdominal trauma: conventional management vs. nouveau traumatology. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons, April 21, 1996, New Orleans, LA

The spleen: pivotal organ. Presented at the 38th Clinical Congress of the American Society of Abdominal Surgeons, April 21, 1996, New Orleans, LA

The managed care scene and academic surgery. Presented at the Society of Black Academic Surgeons, March 31-April 2, 1996, Denver, CO

Principles of trauma: specialty in review. Presented at the National Center for Advanced Medical Education, January 19, 1996, Chicago, IL

Abdominal trauma: postsplenectomy complications review of ATLS/trauma management. Presented at Specialty in Review in Surgical Critical Care, October 5-9, 1995, Chicago, IL

The emergence of penetrating abdominal trauma in Toronto recent experience and comparison to Chicago. Invited discussant at the American Association for the Surgery of Trauma. September 27, 1995, Halifax, Nova Scotia

Trauma team organization - issues in service and education. Presented at the National Medical Association, July 31-August 2, 1995, Atlanta, GA

Ongoing controversies in trauma and critical care, Presented at Grand Rounds, St. Luke's Hospital, June 9-10, 1995, Cleveland, OH

Ongoing controversies in trauma and critical care. Presented at Grand Rounds, Tulane University Medical Center, May 6-8, 1995, New Orleans, LA

Pancreatitis in the ICU setting. Presented at The fourth Critical Care Symposium: The management of critical illness-therapeutic and technologic advances, April 27-29, 1995, Orlando, FL

Colon and rectal injuries. Presented at Trauma symposium, American College of Surgeons New York Chapter, March 28-29, 1995, East Elmhurst, NY

- Surgery for abdominal trauma. Presented at Principles of trauma specialty review in general surgery, Part II, National Center for Advanced Medical Education, January 30, 1995, Chicago, IL
- Incidence and risk factors for early small bowel obstruction after celiotomy for penetrating abdominal trauma. Presented at the Eastern Association of the Surgery of Trauma, January 10-14, 1995, Fort Myers, FL
- Interactive computer trauma case studies. Presented at the Mass General Hospital, December 8-9, 1994, Boston, MA
- Management of blunt splenic trauma: CT vascular blush predicts failure of nonoperative management. Invited discussant: the American Association for the Surgery of Trauma, September 29 - October 1, 1994, San Diego, CA
- Principles of trauma. Surgery for abdominal trauma. Presented at the Specialty Review in General Surgery - Part II, September 17-23, 1994, Chicago, IL
- Principles of trauma. Surgery for abdominal trauma. Presented at the Specialty Review in General Surgery - Part I, August 15-25, 1994, Chicago, IL
- Controversies in critical care. Presented at the 50th Anniversary Medical Education Lecture Series, July 13, 1994, Bethesda, MD
- Mechanism of injury and controversies of trauma. Presented at the 5th Annual Trauma Symposium, June 3, 1994, Fort Wayne, IN
- Curtailing rising ICU costs: the intensivist as the medical executive. Also presented: Hollow viscus injuries. Presented at Trauma and Critical Care Point/Counterpoint XIII, May 9-11, 1994, Philadelphia, PA
- Management of the acute neck trauma patient. Presented at the otolaryngology interdisciplinary panel discussion at the 79th Annual Clinical Congress, American College of Surgeons, October 14, 1993, San Francisco, CA
- Abdominal trauma: an ongoing controversy. Presented at the 10th Annual Trauma Symposium, September 17, 1993, Norfolk, VA
- Nutrition, transfusion, pain, multidisciplinary approach. Televised conference entitled "Trauma: Beyond the Golden Hour", sponsored by the American Association for Critical-Care Nurses; October 14, 1993; San Francisco, CA
- Burns. Presented at the National Medical Association Trauma Symposium, August 10, 1993, San Antonio, TX
- Current therapies in septic shock. Presented at the 9th Annual Trauma Symposium, September 12, 1992, Norfolk, VA
- Management of the hemodynamically labile patients with severe pelvic fractures. Presented at the National Medical Association's Surgical Session. August 4, 1992 San Francisco, CA
- Cancer overview. Presented at the Annual Meeting of the Old Dominion Medical Society. June 26, 1992, Norfolk, VA
- Trauma & violence: today's civil war. Presented at FBI conference, May 19, 1992, Norfolk, VA
- Burn management in the trauma patient. Presented at Hampton Roads Trauma Symposium, April 3, 1992, Hampton, VA
- The distinct interface between the clinical and basic sciences. Presented at Old Dominion University, April 2, 1992, Norfolk, VA

Chemical paralysis. Presented at the 77th Annual Clinical Congress, American College of Surgeons, October 24, 1991, Chicago, IL

Biological basis of current surgical and critical care disease entities. Presented at Old Dominion University,, October 17, 1991, Norfolk, VA

Chemical paralysis: use and abuse. Presented at Trauma and Critical Care 1991 - Point/Counterpoint X (Sponsored by the Eastern States Committees on Trauma of the American College of Surgeons). June 2, 1991, Atlantic City, NJ

Multiple organ system failure: where are we now? Presented at the International College of Surgeons Annual Meeting, March 22, 1991, Williamsburg, VA

Gram-negative sepsis in the burn patient. Presented at Management of Sepsis Patient Symposium, March 1, 1991, Orlando, FL

Gunshot trauma. Presented at Emergency Medical Services Symposium, November 3, 1990, Richmond, VA

Trauma financial situation: an update statewide commission for healthcare in Virginia, October 23, 1990, Norfolk, A

Update on current trauma management of infection in trauma patients. Presented at Trauma Grand Rounds at the Southern Maryland Hospital, September 25, 1990, Clinton, MD

Therapy of GI ulceration in the hospitalized patient. Presented at Richmond Medical Society Surgical Updates Meeting, August 18, 1990, Richmond, VA

The crushed pelvis: is it still a lethal injury? Presented at the National Medical Association's Surgical Session Trauma Symposium, August 1, 1990, Las Vegas, NV

Penetrating cervical injuries. Presented at Emergency services satellite training program aired on state and national broadcast, June 20, 1990, Richmond, VA

The effect of reduced glutathione on human keratinocyte proliferation in vitro. Abstract presented at the American Burn Association 22nd Annual Meeting, March 19, 1990, Las Vegas, NV

Motor vehicle crash trauma. Presented at health and highway safety workshop seminar, October 27, 1989, Richmond, A

The role of dynamic computerized tomography in traumatic aortic ruptures. Presented at Annual Meeting of the National Medical Association, July, 1989

Renal dysfunction in the critically ill patient. Presented at Annual Meeting of the Old Dominion Medical Society, June, 1989, Norfolk, A

Prophylactic treatment of stress ulceration in the critical care patient. Presented at Annual Meeting of the Old Dominion Medical Society, 1988, Norfolk, VA

Acute trauma to the pharyngoesophageal region. Presented at Clinical Congress of the American College of Surgeons, October 23-28, 1988, Chicago, IL

Controversies in torso trauma. Presented at Annual Meeting of the National Medical Association, August, 1988

The prognostic significance of early lung compliance loss in the burn patient. Presented at the First Scientific Assembly for the Eastern Association for the Surgery of Trauma, January, 1988

Emergency tracheal intubation in the blunt injured patient. Presented at the First Scientific Assembly for the Eastern Association for the Surgery of Trauma, January, 1988

Acute burn management: the Norfolk solution. Presented at International Symposium on Extremity and Burns, November, 1987, San Francisco, CA

An analysis of the Norfolk trauma system. Presented at the National Conference on Injury Scoring and Triage, October, 1987

Necrotizing soft tissue infections of the torso and thigh. Presented at the biennial meeting of the University of Maryland Surgical Society, May, 1986

Transplantation of allograft islet cells after total lymphoid irradiation and infusion of allogenic bone marrow cells. Presented at the annual meeting of the National Medical Association, August, 1983

The formation of pseudo-islets from neonatal pig pancreas. Presented at the 66th Annual Clinical Congress of the American College of Surgeons, October 19-24, 1980, Atlanta, GA

Neonatal pig pseudo-islets: a product of selective aggregation. Presented at the annual meeting of the National Medical Association, August, 1980

3/8/19
